

MOUNTAIN FIRES DO DAMAGE

San Fernando Watershed Is the Scene of Big Conflagration Covering Wide Area.

TWO HUNDRED SQUARE MILES BURNED OVER

Two Southern Pacific Stations Are Destroyed—Ranches Wiped Out—Los Angeles Electric Power Shut Off.

LOS ANGELES, Oct. 5. Extensive mountain fires in the San Fernando watershed have been raging since early this morning. The local newspapers have sent men into the burning district but up to midnight no news from them has been received.

The sudden stoppage of about 60 percent of the local trolley street cars in Los Angeles shortly after noon today was a signal that the electric power line of the Kern River company had been burned down.

REPUBLICANS OPEN NEW YORK CAMPAIGN

Candidate Hughes Elaborated Points of His Letter of Acceptance and Is Well Received.

NEW YORK, Oct. 5. The New York Republican state campaign was formally opened in this city tonight with a magnificent meeting that attracted a greater crowd than could be accommodated in Carnegie hall.

Charles E. Hughes, the gubernatorial candidate, made the principal speech, and the usual campaign enthusiasm found expression in an outburst of music, cheers and shouts of personal compliment.

300,000 WILL SEE CUP RACE

Big Auto Contest Today for Vanderbilt Trophy.

United States, France, Italy and Germany Represented—France Favorite.

NEW YORK, Oct. 5. Eighteen of the fastest motor cars in the world, representing America, France, Italy and Germany, will start at 6 o'clock tomorrow morning in a road race of 257.1 miles in Long Island.

That there will be the greatest crowd in record to view the race is beyond doubt. Every farmhouse and hotel within reach of the course is filled to-night with men and women.

1,000,000 LOSS BY STORM

New Orleans and Vicinity Was Again Swept By Fierce Tornadoes Yesterday.

SIX KILLED AND NINE FATALLY HURT

Portions of Three Parishes Were Partly Devastated—Eight Hundred Buildings Damaged in New Orleans

NEW ORLEANS, Oct. 5.—This region was today the center of cyclonic disturbances, at least three of which were tornadoes, causing a loss of six lives, with many persons fatally injured.

WASHINGTON, Oct. 5.—The President today appointed Charles H. Robb of Vermont, at present assistant attorney general, to be a justice of the District of Columbia court of appeals to succeed Justice Duell, resigned.

Justice Duell's Successor. The President today appointed Charles H. Robb of Vermont, at present assistant attorney general, to be a justice of the District of Columbia court of appeals to succeed Justice Duell, resigned.

POCAHONTAS MINE HORROR

Twenty-nine Bodies Recovered Up to Late Hour.

Seventy Lives Believed to Have Been Lost—Scenes at Pit Mouth.

BLUEFIELD, W. Va., Oct. 5.—Twenty-nine bodies have been recovered from the west fork of the Pocahontas mine company's mine at Pocahontas, Va., and a conservative estimate places the total number of dead at seventy.

There is nothing authentic to be learned from any source as to the actual number of men who perished in the disaster. Usually there are about 100 miners in the section affected by the explosion.

It is said tonight that it will take ten days to clear the mine of wreckage and sludge. The most fortunate feature of the catastrophe is the fact that the mine did not take fire.

The management tonight gave the figures of twenty-seven dead already recovered and twenty missing, and believed to be dead.

Ten men were put to work this morning digging graves in the same cemetery and close to the spot where in 1884 over 200 miners who had perished in a similar explosion were buried.

That there will be the greatest crowd in record to view the race is beyond doubt. Every farmhouse and hotel within reach of the course is filled to-night with men and women.

BIG FOREST FIRES BELOW TEHACHAPI

Southern Pacific Depots in Danger of Flames Covering Five Mile Area.

LOS ANGELES, Oct. 5. Forest fires are raging in both the Little Tehachapi and Big Tehachapi canyons, twelve miles northwest of this city.

The first fire started at 8:30 this morning, and a few hours later a second broke out, a considerable distance from the first.

Only one forest ranger was on the ground. He organized several companies of fire fighters among farmers in the vicinity, who fought the flames without success.

The Southern Pacific in this city has advised that the stations of Newhall and Lang, on the San Joaquin valley line, are threatened by the flames and may be destroyed.

ST. LOUIS, Oct. 5.—The hearing of testimony in the case of the government against the St. Louis Transfer company, adjourned from Wednesday, was resumed today.

ST. LOUIS, Oct. 5.—The hearing of testimony in the case of the government against the St. Louis Transfer company, adjourned from Wednesday, was resumed today.

TWO GASPIPE SUSPECTS HELD

San Francisco Police "Sweat" Their Captives.

Alleged Depositors in Japanese Bank Have Records Causing Suspicion.

SAN FRANCISCO, Oct. 5.—Two men are under arrest for the gaspipe murder at the Kimmick garage, the Japanese bank on O'Farrell street.

These two depositors tally with descriptions of the murderers. It is now known they have not been released and will not be unless George Herndon, the man who says he can identify the murderers, says positively they are the men who went into the bank at noon Wednesday.

It was learned that one of the suspects had a room opposite Pittman's place on McMillen street during the week before the shooting.

When confronted with this evidence the men said they had trouble with the laundry on McMillen street and on that account left for the O'Farrell street location and for the same reason gave a false address at the bank.

There are other reasons for suspecting the men whose names were given by the Japanese bank as being the murderers.

WASHINGTON, Oct. 5. It was announced at the state department today that a modus vivendi had been reached with the British government relative to the Newfoundland fishing law.

EXPLOSION WRECKED SUBWAY

Quaker City Was Shaken Up By Ignition of Illuminating Gas in the Workings.

EIGHT WERE KILLED; TWO SCORE INJURED

All Windows for Several Blocks Shattered—Accident Happened at Early Hour of Morning

PHILADELPHIA, Oct. 5.—Eight men were killed and nearly two score persons injured today by the explosion of illuminating gas in the market street subway at Sixth street.

High buildings were shaken and for a block on either side nearly every window was shattered.

JOHN LAWLER, aged 37, timber foreman, was killed by flying debris.

The subway is being constructed for the Philadelphia Rapid Transit company. The exact cause of the explosion has not been determined.

Heavy rains last night partly filled the tunnel with water and stopped work otherwise there would have been a large force in the subway and the loss of life would probably have been heavy.

The explosion occurred shortly before 7 o'clock, and in consequence of the early hour but few workmen had gathered.

The force of the explosion wrecked the subway for half a block and all the heavy timbering and other structural work, including tons of earth, fell into the excavation.

Just as the gas blew up, a double trolley car was being driven directly across the covered subway by a driver of the Millard Construction company, which is building the subway.

These portions of the subway that were not covered with dirt burst into flames and for a time no person dared venture near the place for fear of further explosion.

When confronted with this evidence the men said they had trouble with the laundry on McMillen street and on that account left for the O'Farrell street location and for the same reason gave a false address at the bank.

There are other reasons for suspecting the men whose names were given by the Japanese bank as being the murderers.

WASHINGTON, Oct. 5. It was announced at the state department today that a modus vivendi had been reached with the British government relative to the Newfoundland fishing law.

FIRE THREATENED WESTERN ADDITION

Priests' House of Sacred Heart Church Was Destroyed, Inmates Having Narrow Escape.

SAN FRANCISCO, Oct. 5. A fire which menaced the whole western addition for several hours broke out in the parochial residence attached to Sacred Heart church at the corner of Fell and Fillmore streets, at 5 o'clock this morning.

The flames spread so fiercely that the school barely had time to escape from their beds before the flames enveloped them.

The flames spread so fiercely that the school barely had time to escape from their beds before the flames enveloped them.

PHILADELPHIA, Oct. 5.—Eight men were killed and nearly two score persons injured today by the explosion of illuminating gas in the market street subway at Sixth street.

MUSTERING OUT THE REBELS

Cuban Insurgents Will All Be Disarmed By Monday and Peace Will Prevail There.

SURRENDERED GUNS OLD AND WORTHLESS

Many Soldiers Had No Arms At All and Some Refuse to Part With Those They Have.

HAVANA, Oct. 5.—While the disarmament of rebels will not be completed Saturday night, it is confidently expected that the entire operation will be finished by Monday.

Although the surrender of guns has not been made compulsory either by the provisional government or the disarming commission, rebel commanders have all given their followers to understand that the laying down of their arms was a matter of duty.

At the trial of the case it was proved that he had not been in the wreck at all, but was mining twenty miles away at the time it occurred.

WOMEN RAID SCHOOLHOUSE

Italian Mothers in Brooklyn Were Frenzied.

Thought Health Inspectors Were Killing Children—Police Were Scratched.

NEW YORK, Oct. 5.—Believing that the children were being killed by the health inspectors, a mob of Italian mothers in Brooklyn today stormed the schoolhouse in the Williamsburg section.

For several days physicians of the board of health have been examining the eyes and throats of the pupils. A contagious affection of the eyes had spread from the homes of the Italians in the vicinity of the school, and the doctors were loath to make an investigation to learn the cause and to exterminate the disease.

Today they decided to make an investigation in a body and marched to the school building, 1500 strong.

These portions of the subway that were not covered with dirt burst into flames and for a time no person dared venture near the place for fear of further explosion.

When confronted with this evidence the men said they had trouble with the laundry on McMillen street and on that account left for the O'Farrell street location and for the same reason gave a false address at the bank.

WASHINGTON, Oct. 5. It was announced at the state department today that a modus vivendi had been reached with the British government relative to the Newfoundland fishing law.

SAME STORY OVER AGAIN

Witnesses Against the Helms on Stand.

Willie Helm Faces the Same Ordeal as His Brother Elmer.

The examination of six witnesses was accomplished yesterday in the Willie Helm murder trial. These were J. Warren Lane, one of the two men who were the first to discover the bodies of the murdered couple; C. H. Banta, justice of the peace at Mendota, who went by train to Jamestown after being notified by Lane, and was one of the first on the scene; W. H. Parker, an old man at White's bridge, who saw several of the Helms' party that place; Walter S. McSwain, who as deputy sheriff did work on the case; G. P. Cummings, the county sheriff; and J. C. Garner, at whose place the Helms boys are supposed to have stopped for water on the afternoon of the murder.

The day was marked by several tilts between the attorneys. At one time in the forenoon Judge Church had to interpose sharply to stop a passage at arms over certain objections that the defendant was making to the prosecution line of questioning, and threatened that if the lawyers did not stop their quarreling, he would take more severe measures. Again in the afternoon a caution from the court was necessary.

Henry Prohaska, the father of one of the brothers-in-law of the accused, who was a witness at the Elmer Helm trial to the alibi, may have to be brought to this trial by force. He is now in Mariposa county and the defense, being unable to secure his attendance, asked for a bench warrant for him about a week ago. This warrant was issued, and a return made yesterday indicating that a physician had certified that the old man would be unable to attend the trial. At the close of the sitting yesterday Mr. Everts indicated to the court that if the witness could not attend, he would ask to be permitted to use his testimony at the previous trial.

District Attorney Jones at once interposed, saying that the prosecution was interested in having Prohaska present, and would investigate further the story about his alleged sickness. He said that the certificate from Mariposa county had been submitted to several reputable physicians in this city, who had declared that it did not make a sufficient showing of illness to prevent the attendance of the witness.

Everts remarked that Prohaska was the witness for the defense, and of course they wanted him here if possible. Judge Church remarked that all the machinery of the court would be used to bring the man here to testify unless it was absolutely certain that he could not be brought.

At the opening of court in the morning, Warren Lane, who is a nursery man, and with a Mr. Coates, driving across the plains to Santa Clara county on the day after the murder, told of his encampment near Rollins on the night before, and hearing wheelmen passing the camp, going toward Fresno, at a late hour. He also narrated the finding of the bodies at the cabin, and the notification of various parties on the way to Mendota. He had returned to Jamestown with Justice Banta.

The defense, on cross-examination, were particular in asking why Lane had not turned aside to Jamestown after finding the bodies, and about the footprints he had seen in the road leading from the Orneso cabin toward Jamestown. The opposing lawyers spent some time in attempting to get the witness to say whether he had noticed these footprints before or after passing the place where the Jameson road joins the White's bridge road. He would not be certain on this point, however.

Justice Banta gave a careful narration of what he had seen at the scene of the murder. Nothing that was new was brought out. The charges in the defense were directed to show the general confusion of the footprints and tracks about the wagon and bodies, and that there was a spring wagon truck there which might have been driven there by the person who had committed the murder and who of course would not have been either of the Helms.

W. H. Parker was on the stand but a short time, and told of seeing Lane and the witness Muller at White's bridge. The next two witnesses, McSwain and Cummings, were put on to testify to the fact from a key log that had been found in the grooves of the single-barreled gun with which the murders were committed. It will be remembered that it was the theory of the prosecution that the Helms had taken their gun on the trip in a barkey sack, tied to one of the bicycles. The cross-examination was directed to showing that this fact had been found by the officers several days after the gun had been brought to the jail, and that, by imitation, some one might have slipped into the jail and placed the fact in the gun.

J. C. Garner was the last witness of the afternoon. He is one of the main supports of the prosecution, having seen two wheelmen from a distance stop at his house for water on the afternoon of the murder, passed two wheelmen going back toward town late in the evening similarly dressed; and afterwards, in company with McSwain and Muller, followed the bicycle tracks from his house to the Orneso cabin. He described the tracks and the peculiar footprints, and told how they had been found at the cabin and at the scene of the murder, the tracks again turning back toward Fresno. The examining Deputy Sheriff, McSwain, will be recalled to testify to the following of the tracks.

REAL ESTATE TRANSFERS

W. J. McNeill to H. H. Englund, lots 40, 41, 42, 43, 44, block of Fisher's Villa addition, \$10.

FIREMEN DOUBT SMITH WILL GIVE FAIR TRIAL

Captain Baird and "Nig" Normant Move for Change of Venue to Clovis.

The charge of disturbing the peace, preferred by ex-Sergeant of Police J. W. Simpson against Fireman "Nig" Normant and Captain Baird of the fire department is not going to be dropped after all, despite the expectations of their friends that the case would evaporate.

The District Attorney notified Attorney Crichton that it was his intention of dismissing the case, and he went to Judge Smith's court with the information yesterday. The justice, however, replied that he had no intention of dropping the case, and added that the district attorney was not running his court.

Upon learning this, Attorney Crichton started to prepare the necessary affidavits for a change of venue, in accordance with the wishes of his clients. The firemen have an idea that Judge Smith might recall an occasion when he got a wonderful lot of water by getting in the way of the hoses, accidentally, at a fire, and have it in for the men. Anyway, the attorney for the defense figured out that Justice Beall of Clovis would appear to be a more disinterested dispenser of justice in this particular instance, so the case will come up before him.

The effort to get the charge dropped against Baird proved also futile, as Judge Smith said that the original charges must stand. Baird took a passive part in the altercation with Simpson, only speaking out his mind when addressed and charged with insulting the former sergeant.

SUPERVISORS CHANGE TOWNSHIP BOUNDARIES

Commissioner Shell Reports Nursery Stock in Good Condition.

At the meeting of the supervisors yesterday afternoon, final action on the petition for change of boundaries of the second judicial township or Clovis district, was taken. No one appeared to oppose the change, and a motion that the petition be granted, made by Johnson and seconded by Beall, was carried without discussion. Beall, Johnson and Martin were the only ones present when the petition was granted. The petition provides for the transfer of the Big Dry Creek locality from the fourth judicial township to the second.

The horticultural commissioners' report was handed in and stated that so far as the inspection of nurseries has been carried, the stock is in very good condition. The local ranchers are advised to buy their trees from reputable local dealers, as last year many trees imported were affected by root knot and borers, which necessitated the destruction of the plants, causing a total loss to the purchaser.

Steps are being taken to import a wasp known as the sphex from Southern France, where it has been instrumental in keeping out pine hoppers. The report recommends a mixture consisting of ten pounds of bluestone, twelve pounds of unsalted lime and fifty gallons of water to prevent the winter blight on peach trees.

WOULD KILL ALL WHEN MIND DARKENS

Edward Coolidge Becomes Suddenly Insane and Attacks People With Hatchet.

Edward Coolidge, a Fowler man who has been employed in making boxes, acted strangely for a few days and suddenly became insane yesterday.

Seizing a sharp hatchet with which he had been working he made a furious attack on a little group of persons standing near, and was only restrained from inflicting serious if not fatal damages by superior force of a number of men.

The insane man was brought to this city in charge of Constable Mason yesterday morning for examination before a medical board. No cause has been assigned for the unhinging of his mind.

CHURCH OF GOD CAMP MEETING

Beginning of a Ten Days' Religious Service.

The camp meeting of the Church of God started its ten-day session this morning with services at 10 o'clock. There are about thirty small tents in addition to the large dining tent, and hundreds of people are expected to attend. During the week the following ministers from abroad will preach: J. W. Murphy and wife, J. D. Hatch, T. M. Alexander, R. T. Biscommer and wife, and J. W. Byers. Ministers from this locality are J. J. Frame, Eli Semple and Martin Wright. The program for each day consists of prayer meeting at 6 a. m. and the regular services at 10 a. m. and 2:30 and 7:30 p. m. At present there are about eighty people in attendance, but more are looked for daily, the camp being large enough to accommodate 250.

ANOTHER INCORRIGIBLE FOR PARENTAL SCHOOL

Boy Steals Money and Takes Buggy Ride.

Wills Professor H. A. Sessions of the "hooky" school was vainly scouring the city for Ernest DeSno, a young rascal from the Lincoln school, who lives on D street, the latter, with one of his friends was sporting a horse and buggy from the livery stable of C. S. Sillier on D street. The boy entered the house of Mrs. Black, a neighbor, and took \$25 and then rode a rig, which he told the stableman was for his mother. He and his young friend went to Sanger and spent the day and all but \$7 of the money. Upon his return he was caught by Mr. Sessions and landed in the parental school for correction.

FOOTPADS IN SAN FRANCISCO

SAN FRANCISCO, Oct. 5.—Claiming that he was held up, robbed and beaten by two unknown men last night, M. S. Day was treated at the Harbor hospital today for several contusions of the face and scalp. He says the footpads secured his gold watch and some small change.

Four Boys at a Birth. ST. PAUL, Minn., Oct. 5.—A special of the Dispatch from Moorhead, Wis., says: Mrs. John Swenson, a young Norwegian woman, living seven miles east of this city, in the town of Naples, gave birth to four baby boys yesterday.

M'NEILL AND BENSON PROBATE PROCEEDINGS

Orlita H. England began proceedings yesterday to probate the will of her uncle, W. J. McNeill, who died on September 11th. He left \$293 in bank and personal property worth about \$100, all of which is left to the petitioner. The only other possible heirs are some nephews and nieces in Alabama, and a brother in the East.

In testimony of the John A. Benson estate was filed with the county clerk, Benson was a merchant at Kingsburg who died recently, and his widow, Mrs. Anna Benson, is now managing the business.

The property consists of cash, \$1,052.10, accounts, interests and notes of various kinds, \$110,777 real estate in Kingsburg, \$115,255; personal property and stock in the store to bring the total up to \$230,134. The stock is located with great particularity, and the report fills several pages of foolscap.

The judge petitioned the court for a family allowance of \$100 a month, which was granted.

Jumped Off the Wharf. SAN FRANCISCO, Oct. 5.—George Laflerty, while suffering from dementia, jumped off the Mission street wharf today. He was rescued by Stute, Wharfman Huntington. Laflerty has been a refugee in Golden Gate park since the confinement.

WANTED—Alteration Hands, Salesladies, Also Boys

Sale New Fall Waists To-day That Were Damaged in Transit \$2.50 Values AT 98c AND \$1.49

Sale starts at 9 a. m. They are the new fall waists, made of fine satin damask and pique, that will be worn this fall, medium weights that are desirable for immediate use. They were damaged in transit. You will find them stained a trifle, some more than others. Those that are really badly soiled we will offer at 98c, others that have merely a spot here and there will be on sale at \$1.49. Values up to \$2.50. Try to be on hand at 9 o'clock, if possible. This is unquestionably the greatest waist opportunity of the season.

Sale Today \$30 New Suits For \$19.75

Commencing at 9:30 A. M. and continuing while they last, we offer twenty-five suits, actual values up to \$30.00, for \$19.75; alterations extra. Positively none will be sent on approval. They comprise the new velvet suits in the pretty jacket effects, handsomely trimmed in braid in black, brown and navy. Also the new continental blouse suits, made of pure wool venetian. Today, while they last, \$19.75 instead of \$30.00.

\$4.95 For Dress Skirts Worth up to \$7.50

Black navy and fancy mixtures; skirts that would be excellent values up to \$7.50 you can buy today at \$4.95; alterations extra. There are skirts made of pure wool panama cloth in the solid colors and some very pretty mixtures in the fancies. Mostly pleated.

Tourist Coats Worth \$10 For \$7.95

Made of pretty mixed material, medium grey ground, herringbone weave, large invisible plaid, velvet collar, outside pockets, pretty metal buttons, turn back cuffs, full 3-4 length; the best \$10.00 coat we know of; on sale at \$7.95.

BAY STATE REPUBLICANS

State Officers Renominated By Acclamation.

Platform Endorses Roosevelt and Guild and Condemns Public Ownership.

BOSTON, Oct. 5.—Ex-Governor John L. Bates was chosen chairman of the Republican state convention which met today for the nomination of candidates to be voted for at the November election. An incident of the work of the organization was a demonstration given by Attorney General Moody when he arose to move the appointment of the committee on resolutions. The platform reported by the committee praises the work of Governor Guild and President Roosevelt and reiterates Secretary Root on the completion of his mission to South America. The resolutions further declared adherence to the policy of protection, the tariff to be raised when the interests of the country require it, and urged that representation in congress be reduced in states where there is a suppression of the vote. The "rule of the mob and the atrocious crime which frequently provokes it" are condemned. The resolutions express sympathy with the Jews in Poland and Russia and commend "the efforts of President Roosevelt to devise just and effective method for building up a strong merchant marine." Opposition is expressed to the ownership of railroads by state or nation. The convention by nomination renominated the following state officers: Governor, Curtis Guild, Jr.; lieutenant governor, Eben Draper; secretary of state, William M. Olin; auditor, Henry E. Turner; treasurer and receiver general, Arthur B. Clappin; attorney general, Dana Malone.

BUDGET OF NEWS FROM LEMOORE

There Will Be Great Duck Shooting on Tulare and Summit Lakes.

LEMOORE, Oct. 5.—This is fair week in Hanford and the town seems deserted. The banks closed their doors every afternoon this week and the employees attended the fair.

Politics is quite lively down this way and candidates of both parties are in town every day. The first political speech of the season will take place next Tuesday, October 10th, when Congressman Needham and other prominent Republicans will address a meeting in this town.

The Board of City Trustees held their regular meeting Monday evening, but very little business was transacted. They accepted the work on the streets which Contractor Swain has just completed and now Lemoore can boast of having as good streets as any town its size in the San Joaquin valley. Cement sidewalks have been built around the business blocks and the wooden sidewalks are a thing of the past.

Duck season opens on the 15th of this month and some lively sport is in sight. Tulare lake and Summit lake are alive with game. Tulare lake is a large body of water, being about 50 miles long and about 25 miles wide. Some great sport can be had down there, as there are a number of small sailing boats, and nearly every day some one brings down a duck boat.

A. B. Cesena, who has the contract to build about six miles of levee down on the Empire ranch, has a large force of teams at work and so far has completed about two miles of levee. The contract is a big one and Mr. Cesena says it will take him until January to complete the work.

Kings river and the lake are alive with fish and a number of our citizens go down to these two bodies of water on Sundays and spend the day fishing and boat riding.

L. T. Belknap and sister of Doc Run, Misses, arrived in town Monday evening and will visit for awhile with his brother, J. W. Belknap, for an indefinite time.

The W. O. W. held their regular weekly rehearsal Wednesday evening in the opera house. The boys are improving right along under the leadership of Professor Tuttle of Hanford and are getting ready for the campaign.

The W. O. W. lodge of this place will have a big log rollin' time on October 20th, and a number of candidates will be shown the mysteries of the order.

F. C. Raymond and wife and 3-year-old child arrived in Lemoore last week and are stopping at the home of George Tilton, east of town. Mr. Raymond is a professional baseball player and has just finished the season with the Tri-State league in the East, holding down second base. His home is in Johnstown, Pa., and he will be in this part of the country for some time.

Andrew Jackson, a colored boot black of this town, got into a little trouble the other day. He has been employed as "seaman" in the opera house and when John McAdams, the bartender, stepped out, "Snowball" tried to relieve the machine of his wealth, but was caught in the net by Mr. McAdams. After an earnest plea by the colored boy not to prosecute him, he was allowed to go.

Andrew B. the Indian who was arrested by Sheriff Dickenson last Sunday for disturbing the peace, as he had let much fire water on board, was given a sentence of 30 days or \$30 by Judge Carson Monday morning when he appeared before his honor. He took 15 or 20 days.

On the 19th of this month at the Alpha club house in this city Mr. Rodger William Dallas and Miss Lydia Evelyn Matthis will be united in marriage. Some 200 invitations have been sent out and the affair promises to be the social event of the season. Miss Matthis, until this season, has been a teacher in the Lemoore school and is one of Lemoore's fairest daughters and is very popular in society and among the Alpha club members. The groom resides at Gulliver and has extensive interests in the oil fields. He is highly spoken of by all who know him.

Mrs. R. Seely returned from Los Angeles Tuesday morning, where she had been to visit her son Richard, who has been suffering lately with lung trouble, in a hospital.

W. D. Wilcox of Fresno was in town the first of the week.

BIG APPROPRIATION OF KAWAHE RIVER

Thirty Thousand Miners' Inches Filled Upon for the Generation of Electricity.

YREBILLA, Oct. 5.—H. D. Colyar has filed notices of the appropriation of 30,000 miners' inches of water from Kaweah river. Of this amount 10,000 is from the north fork and 20,000 from the south fork, there being three different points of diversion. It is stated in the notice that the water is to be used for the generation of electric power.

George W. Wilson, a well-known pioneer of Yreaville, died at the home of his nephew and niece, Mr. and Mrs. L. W. Fletcher, after a short illness with pneumonia. He was a native of Pennsylvania, aged 74 years. The funeral will be held from the church at 10 o'clock tomorrow morning; interment in the Deep Creek cemetery.

A petition for letters has been filed by Arden Henry in the matter of the estate of John H. Henry, deceased. The estate consists of \$650 in bank.

An action has been begun by Mrs. M. E. Truby against Bernard S. and Nellie R. Labarotte to quiet title to 1440 acres of land, being the southwest quarter of section 3, all of section 5, and all of section 9-23-29, J. A. Allen and George G. Murry are attorneys for plaintiffs.

An interlocutory decree of divorce has been granted to Albert A. Young from Myrtle R. Young, on the ground of desertion. The custody of the two minor children has been awarded to the father.

The Democratic county central committee has arranged a schedule of political meetings for the latter part of this month, and the first part of November for different parts of the county, when Hon. C. A. Barlow, candidate for congress in this district, and E. O. Miller, candidate for the state senate, will speak.

R. C. Hardin has returned from Fallon, Nevada, where he and Mrs. Hardin were called by the illness of their daughter, Mrs. James Young, who is afflicted with typhoid fever. Mrs. Hardin remained at the bedside of her daughter. The latter is recovering.

A plat of the townsite of Granada, a new town on the east side branch of the Southern Pacific, between Porterville and Lemoore, was filed today and accepted by the Board of Supervisors. A new public park for Lindsay was also accepted.

Mr. and Mrs. W. H. Newman of Stockton were here today, having attended the funeral of A. V. Powell at Exeter. Mr. Newman is a brother of County Treasurer Henry Newman.

HEAVY DELIVERIES OF SELMA RAISINS

The Total Pack for the Year Will Be 12,500 Tons.

SELMA, Oct. 5.—The rush of raisin deliveries to the local growers is great, and so many delays in unloading, although added facilities for the loading of raisins coming in were provided. It is now apparent beyond all doubt that this is a bumper year for the Selma raisin district and for the Selma packing houses and seedling plants. Over 350 employees are now engaged in the several packing houses and in the seedling plants, where over 200 men, women and girls are at work. Packers estimate that the Selma district will deliver 10,000 tons of raisins here, but this amount will be increased by 2500 tons by shipments from a disinterested plant. The packers estimate the goods to be handled by them to be as follows:

Selma Fruit Co. seedling plant	5000
Home Packing company	3000
Castle Brothers	1200
Gaugheime company	1200
A. L. Hobbs company	2000

Total number of tons 12,500. Miss Nellie McAdams is ill with what is feared to be consumption, contracted while attending her sister and baby, who were laid to rest about two months ago. Her sister died from quick consumption.

Mrs. Hannah Walker and son of Jamestown, N. Y., are late arrivals in Selma. They will make their home with Mrs. Walker's son-in-law, and his wife, Mr. and Mrs. John W. Hobbes.

Mrs. C. T. Elliott has been in Modesto this week as a guest of relatives. Professor Elliott and wife were called to Modesto last Saturday to attend the funeral of Mrs. Elliott's grandfather, and she remained for a few days.

W. E. Walker, one of Selma's prominent fruit growers, expects to leave in a few days in company with his family for a visit in the East. He will visit first at Hastings, Neb., and expects to make a trip farther East before returning home.

W. T. Reynolds and wife of Los Angeles, in company with T. B. Sargent of Sanger, visited a number of Selma friends today. Mr. and Mrs. Reynolds have been visiting Mr. and Mrs. Sargent.

B. L. Berry, a Lindsay real estate dealer, was in Selma today. The Selma football players talk of organizing again this fall for a few games during the holidays. The boys have received three challenges already from San Francisco teams who desire to contest with our brawny giants.

J. J. Vanderburgh continues to be incapacitated by an attack of blood poisoning caused by being accidentally shot while at the hot springs some time ago.

Los Angeles Girl's Success. MILAN, Italy, Oct. 5.—Miss Adele Dillon of Los Angeles, Cal., made a successful debut here last night as a soprano in "Linda di Chamouni" at the Gaiety Theatre. Her father, Judge Dillon, and a sister of the debutante came here from California to witness Miss Dillon's performance.

MISS ROSA McANAN OF BUTTE.

How After Two Years She Found a Remedy for Dandruff.

Miss Rosa McAnan of 211 West Quartz Street, Butte, Mont., says: "Herpetide has thoroughly cleansed my scalp of dandruff, with which it was entirely covered, and it has stopped my falling hair. I have tried many different preparations in the past two years, but none took effect except New-bern's Herpetide. Dandruff is a germ disease and Herpetide is an infallible destroyer of the germ. 'Destroy the cause, you remove the effect.' Kill the dandruff germ. Ask your druggist for Herpetide. It is a delightful dressing, makes the hair soft as silk. Sold by leading druggists. Send the stamps for sample to The Herpetide Co., Detroit, Mich. Geo. H. Monroe, Special Agent."

Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. "It is worth its weight in gold," says many who have used it. \$1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to BRADFORD REGULATOR CO., Atlanta, Ga.

PRICES CURRENT

CHICAGO—The wheat market opened with a fair degree of firmness, due mainly to a firm market for wheat at Liverpool. From the start, however, several of the leading commission houses were free sellers. When it was intimated that the greater part of these sales were for the account of prominent long, many pit traders joined in the selling movement. The result was a quick decline. Throughout the remainder of the day sentiment was bearish. An influential factor in the situation was a considerable increase in primary receipts. Another bearish factor was a decline of 1/2c to 1c per bushel in the price of cash wheat at Kansas City. The market closed weak. December opened a shade to 1/4c higher at 75 1/4c to 75 1/2c, sold up to 75 1/2c to 75 3/4c, and then declined to 74 3/4c. The close was half off at 74 3/4c to 74 1/2c.

Corn was a trifle easier because of the weakness of wheat. Commission houses were the principal sellers. The market closed steady. December closed 1/2c off at 42 1/2c.

Light offerings helped to maintain moderate firmness in the oats market, despite the weakness of wheat. The support came chiefly from cash imports. December closed a shade up at 34 1/2c to 34 3/4c.

With the exception of October ribs the provisions market was firm all day. Eight receipts of hogs caused a fair demand by investors for the January product. There was also considerable covering by shorts. The weakness of ribs was due to profit taking by local longs. At the close January pork was up 1/4c to 10c; lard was up 2 1/2c and ribs were 2 1/2c higher.

SAN FRANCISCO—Wheat quiet; December, \$1.21 1/2; cash, \$1.25. Barley steady; December, \$1.05 1/4; cash, \$1.07 1/2. Corn unchanged; large yellow, \$1.00 1/2 to 1.02 1/2.

Apples are unchanged, with choice quoted at 10c; extra choice, 7c; fancy, 18c to 20c.

MAYOR LYON VINDICATED

No one will question the sincerity of W. Parker Lyon's claim that he had a party ticket to sell one Madame Whitney a large bill of furniture for the adjustment of her supposedly private residence in the suburbs of Chicago. Would it not be very mercifully to all the virtuous madame any goods for which she would pay cash? Argal, why not W. Parker Lyon? This is even better than crown's quest; for it is man-overable. There should also be no disposition to doubt the purely accidental nature of the coincidence that made this rule of goods so nearly contemporaneous with the announcement by Chief of Police Shaw that he would no longer enforce the law against Madame Whitney and her class. Mayor Lyon professes ignorance of both the chief's policy and the madame's character. Certainly where the mayor himself professes ignorance, no one else will accuse him of knowledge. He is the innocent and helpless victim of an uncommunicative and disobedient chief of police. When Mayor Lyon issued orders to Chief of Police Deane to close the tenderloin, the tenderloin was closed. According to the mayor, the same orders have been issued to Chief Shaw, and he has no knowledge that they are not obeyed. They are not obeyed; the chief has announced that not to the mayor; that he will not obey them; and the tenderloin is now open, by the chief's order. These things are true, but the mayor does not know them. How is the mayor to make the chief obey orders if the chief does not even inform him that he has disobeyed them? The mayor is really entitled to the sympathy of all law-abiding people in this base conspiracy, on the part of his appointee, to obstruct the execution of his reform policies, and if W. Parker Lyon can find any consolation in his misfortune, by contemplating the receipted bill for Madame Whitney's furniture, who shall grudge him this poor comfort?

DON'T GIVE IT UP.

The attendance at the university extension lecture last night, with the memberships already paid, was not sufficient to assure the continuance of the course, but the enthusiasm and determination of those present encouraged the committee to make a further attempt to secure the number of additional memberships needed. It would be really a pity if this series of lectures were given up. The lectures themselves are well worth hearing, and should attract larger attendance. The subject this year, on the rise and fall of Spanish power in Europe and America, is an interesting and important one, and the lecturer, Mr. Smith, proved himself a good speaker, who knows his subject and how to present it. These annual lectures keep up a connection between the community and the university which is well worth maintaining, and we hope they will be supported this year as in former years, or better.

HEARST AGAINST JUDGES.

"I advocate making the public official term of office so short that he will not have time or inclination to forget who it is that elected him and that ought to control him." "I advocate a material shortening of the terms of office of all judges."—William Randolph Hearst.

Why, then, have judges at all? If the judge's interpretation of the law is to depend on last week's or next week's vote of the people, why not let the people decide directly, by referendum vote? We could get along without judges. All lawsuits could be tried as now, before juries, the sheriff presiding, to preserve order. The jury could decide what testimony they wished to receive and what to exclude. The defeated party could appeal, on questions of law, to the judicial committee of the legislature, and that committee could permit, in proper cases, appeal to the whole legislature, or to the people direct, by referendum. This machinery would not only be workable, but it would guarantee that the law, at any particular time or place, would always be what the people at that particular time or place wanted it to be. This would be popular control of the judicial function, in the extreme form of abolishing the judicial department and turning over its functions to the legislative or executive. And it would work. The only objection to it is the fact that none of us believe in it. We believe in law, and in judges to interpret it. Judges are necessary if we are to have a rule of law; but their chief use in guarding the law, is to stand between the people and the law. If we do not want this done, we do not want judges. If we do want it done, we want independent judges with long terms, responsible only to the law.

These are the facts, fully, frankly and correctly stated. They are submitted in confidence for the consideration of all laboring men who do their own thinking and own their own votes. We refuse to concede the existence in America of any other sort of laboring men, who have given their intelligence into the custody of another, to lock it up beyond reach or use. If there were such it would be useless to appeal to them with facts or reason. It would also be useless to hope for the perpetuity of the republic. The safety of American institutions demands that the vote of an American citizen be regarded as a sacred trust, reposed in him to be exercised according to his own conscience and intelligence. So long as Gompers' appeal is made, as Gompers' is, to the intelligence of the citizen, on facts and arguments stated, Mr. Gillett has no reason to fear the issue. On such an appeal Gompers could continue on one that Gompers was hostile, and few that he was even mistaken in the manner of his friendship to American labor, by his course in following his own judgment on the only two matters on which Gompers happened to be of a different judgment.

The Brief has nominated Frank French as Republican candidate for senator from an uninhabited district in the ruins of San Francisco, and Mr. French's staffers, who constitute the only registered voters of that district, will of course elect him. This will French be "vindicated" at the hands of the people and the Republican party? It is to be hoped the Republican senate will vindicate itself and the state of California by summarily expelling French, if he dares show his face in Sacramento.

The Annual October Sale!

The most important event of the fall season. Every year at this time we hold a bargain carnival of new fall goods that we have obtained to sell for less than regular prices, bringing to the people of Fresno county thousands of dollars worth of high-quality merchandise on which huge savings can be effected. We make it possible for you to supply your fall and winter needs NOW at prices that are considerably less than you are usually expected to pay in the bargain sales at the end of the fall season. That these Annual October Sales meet with the approval of all economical people is best attested by the fact that thousands of frugal shoppers hereabouts always wait for this sale, knowing well that buying opportunities are presented that come only once a year.

This October Sale starts off under better auspices than ever before. We've planned better and our New York buyers, who were under instructions to visit all the markets and look out for good bargains, have gathered together and sent us the most really meritorious collection of better value merchandise Fresno has ever seen.

No need suggesting to wise shoppers the importance of promptness in attending this sale.

Extra!

October Sale Price, \$12.35.

Special for the October Sale

Men's Suits, \$15

Regular \$17.50 and \$18.00 Values

And by "regular \$17.50 and \$18.00 values" we mean they are our regular \$17.50 and \$18.00 values. Elsewhere the same quality suits would cost you anywhere from \$20 to \$25, according to the store.

It's pretty hard now to get a really good suit to sell for \$15. Materials are higher, labor is higher, all expenses attached to clothing manufacturing are higher—and the result is that much inferior clothing is going on the market in order to maintain the low prices. A store-keeper has to be wide awake, and honest as well, to keep his clothing quality up.

Now, this store is a safe store. Wool is wool here—not part cotton, part wool, but all wool. We admit to this store only clothing of superior make and finish; only reliable manufacturers are dealt with; and then every suit is carefully scrutinized before it is put in stock. Everything is kept up to our high standard of quality!

We couldn't get enough really good suits to sell at \$15 this season, so we have placed on sale at \$15 many suits intended to sell at \$17.50 and \$20, to keep up our reputation for selling the very best suits at \$15.

When will you come for yours?

NEW MEXICO
MINE HORROR

Fifteen Men Believed to Be Entombed.

Four Bodies Recovered—After Damp Responsible for Other Deaths.

DENVER, Oct. 5.—According to a special to the News, fifteen men are believed to have been entombed in the

Dutchman mine at Blossburg, N. M., at 2:30 o'clock this morning by an explosion which wrecked the walls and roof of the tunnel in which they were working. However, only six men are positively known to have been in the tunnel at the time of the explosion, but the usual night shift numbers fifteen, and none of them have been located outside of the mine.

Rescuing parties have taken out four bodies, one of which had been identified as June Janki, a single man, 40 years old. All but one of the night shift were Austrians, the exception being an American.

Fire damp has settled in the tunnel, making rescue work difficult. It is not thought that any of the entombed men can live with this condition prevailing. As yet no fire has been reported.

The mine is owned and operated by the St. Louis, Rocky Mountain & Pacific company, and is well equipped with an modern electrical appliances. The cause of the explosion is not known.

N. Y. LIFE INSURANCE COMPANY LOST SUIT

Jury Did Not Believe the Insured Man Is the Missing Banker

ST. LOUIS, Oct. 5.—In the United States Circuit court today a verdict was rendered by the jury in the case of George C. Rankin, receiver for the First National bank of Niles, Michigan, against the New York Life Insurance company to recover \$7738 insurance on the life of George A. Kismul, former president of the Farmers' State bank of Arkansas City, Kansas, who mysteriously disappeared in 1898, finding in favor of the plaintiff.

Interest was also awarded, making the total amount \$8015.50. The jury was out all day. At noon it reported a disagreement, but Judge Finkenberg instructed further consideration before finally reporting.

Important.
I. S. Knight, real estate and insurance, can be found at 1152 1/2 St., with F. M. Chidenden, Jr., where he will be pleased to meet his many friends.

HIGH SCHOOL ORCHESTRA.

The Fresno high school orchestra held practice yesterday afternoon in the assembly hall of the high school. The organization has a very large membership of good material this year and consists of Prof. C. Richardson, director, Grace Osborne, Mollie Bonnell, Gertrude Swift, Fred Becker and Alice Becker, violins; Lucie Swift, piano; Penn Cummings, clarinet; L. Hershey Leonard, cornet; Charles Shaw, trombone; Ray Duncan, drums and Professor Wahlberg, flute. The student body of the school assists them in the purchase of music and they are planning concerts for the winter.

THE FRESNO MORNING REPUBLICAN

WEATHER

SAN FRANCISCO, Oct. 5. Forecast for San Joaquin valley: Fair Saturday; light south wind.

FRESNO, Oct. 5.—Official readings at 5 p. m.:
Temperature, dry bulb 88
Temperature, wet bulb 64
Humidity 15
Wind (S. W.), miles per hour 5
Maximum 89
Minimum 66
Fair Saturday.

The pressure has decreased over the north Atlantic coast, and the trough of low pressure which occupied the Middle West yesterday has moved eastward to the Mississippi valley and Lake region, being lowest over Lake Michigan, causing light rains over Western Texas, Kansas, Nebraska, the Mississippi and Ohio valleys, the Lake region, the Appalachian districts and the Middle Atlantic coast. It is raining at El Paso, Amarillo, Little Rock and New York. High pressure occupies the western half of the country, accompanied by a cold wave, with light to killing frost over Oregon, Washington, most of the Pacific and back mountain districts, Nebraska, the Dakotas and Minnesota. Over the Pacific slope the pressure has increased slightly, with fair, cool weather, except cloudy in the region of the Puget sound and at San Diego and abnormally high temperature at San Francisco. The conditions are favorable for continued fair weather at Fresno and vicinity Saturday.

The Board of Supervisors took up yesterday the petition of C. L. and others for a road, two miles in length, in road district four, in the southern part of the county.

Don E. Smith of the University of California will deliver the first of a series of lectures on the "Rise and Fall of the Spanish Power in Europe and America" in Assembly hall, High school building, Friday evening, at 8 o'clock. Admission Twenty-five cents.

Frank Land, the switchman who had a narrow escape of being killed by being caught between two cars in the Southern Pacific yard on Thursday night, is laid up with a badly sprained arm and torn muscles which may end in a permanent injury. His friends in Port Jervis, N. Y., have been notified and they wish him to return home and take a thorough rest.

Miss A. Rice, the daughter of a Modesto resident who came to town on Thursday night, was seized with illness in the Grand Central hotel yesterday. Dr. Maughan was summoned and diagnosed the case as appendicitis. The patient was removed to the Burnett sanitarium in Shattuck & Beall's ambulance and submitted to treatment. She is said to be in a critical state.

FRESNANS GAIN PRIZES

IN HANFORD FAIR

J. E. Dickinson and W. L. Thornton

Win in Cattle Competition.

Among the awards made by the judges in the Central California fair yesterday at Hanford several were received by J. E. Dickinson and W. L. Thornton of this city. Mr. Thornton exhibited some very fine Holstein dairy cattle and received awards in several classes.

Mr. Dickinson received awards on all his exhibits, as follows: First on a Clyde-shade stallion and second in the sweepstakes class, in which the horse won in competition with three imported animals; first prize on the following: two-year-old Shorthorn bull, yearling old Shorthorn cow, yearling Shorthorn bull, yearling heifer and Shorthorn calf.

TWO CAMPAIGN MEETINGS HELD

Needham, Short, Drew and Democrats Opened the Campaign at West Park Last Night With George W. Cartwright as the Chief Speaker.

Congressman J. C. Needham, Frank H. Short and Assemblyman Drew, together with local candidates, addressed the people of Clovis last night. The county candidates were George Cartwright, J. H. Hickman, G. N. Freeman and G. R. Andrews. Mr. Johnson of Clovis acted as chairman and called the large meeting to order. He introduced the local candidates, who spoke briefly upon county issues.

Assemblyman A. M. Drew was then given the floor and reviewed the work of the last legislature, and told his plans for the next two years. He emphasized especially the taxation of farms and changes in the primary election laws.

The chairman then introduced Congressman Needham, who confined himself entirely to national issues. He spoke of the acceptance of the Yosemite valley by the federal government and the changes in boundaries to permit the building of an electric road to the valley by way of Clovis. He referred to the sweet water bill and of what significance it was to the wine growers of California.

Frank H. Short made the closing address. He deprecated the campaign of denunciation being made against Gillett. He had considerable to say with the dilemma in which the Democratic party finds itself with Bell, Hearst and Bryan. He referred to the operation of Republican policies in Fresno county, which has naturally become Republican if for no other reason than self-interest. Rains at 4 cents could never occur without a protective tariff to stand between the Fresno producer and the Spanish grower.

Mr. Short referred to the Kearney hospital in the state and said he would work for its greatest development by the state. He favored the direct primary law. In conclusion, Mr. Short spoke briefly for the other members of the ticket.

Tonight Needham, Short and Chester H. Russell will speak at Coulman.

The Democrats opened the campaign for this county at West Park last night. The meeting was held in the West Park school house, which was filled. Robert Rice acted as chairman. George W. Cartwright made the principal speech, while Thomas O'Donnell for the Assembly and the various county candidates made short talks. A quartet consisting of George Halebrook, H. C. Roberts, C. W. Beall and C. L. Shireff, interspersed selections, a parody on "My Merry Oldsmobile," a campaign glee for Chittenden, caused general amusement.

George W. Cartwright's address was a general campaign speech, with some reference to Frank B. Shaw's candidacy. He referred to the Santa Cruz convention, which he said, did not represent the rank and file of the Republican party. He next took up the question of hard times, arguing the periodic theory and disclaiming party responsibility of the four historic periods of depression, two occurred under Republican and two under Democratic administrations. He paid a tribute to Bryan and advocated a graduated income tax and a graduated corporation tax.

He referred to Short as a public service corporation attorney and declared that if legislation to regulate these corporations was proposed, Short would find his position in the senate embarrassing. He also said that Short was attorney for the Fresno Canal and Irrigation company, which was diverting water to the grant when people further down had prior rights.

Thomas O'Donnell of Coulman spoke of the oil situation and promised to use his efforts, if elected, to bring about better conditions for the independent producers. He denied that he stood for county division.

All the county candidates made short talks, just enough to show themselves.

CANDIDATES NOT INDORSED

Union Men Will Act Upon their Own Choice.

But Certain Aspirants Will Have their Union Merits Outlined.

One of the largest meetings ever seen in the union hall took place last night, when the members of the various trade unions gathered together at the invitation of the Federated Trades council for the discussion of various candidates for political offices, and their eligibility from the standpoint of the union voter. Before any names were mentioned in connection with the report of the secret committee of five, it was decided that there would be nothing in the way of endorsement for any member, whether he be friend or foe, but everything good and bad would be heard about all, and the result left to the faith of the members to their union obligations. While the work of the secret committee was deemed satisfactory enough as far as it went, it seemed as though it did not go far enough, and another committee was appointed by President Walker to find out more. They were to particularly look into a small list of names given to them. When the committee-men arrive at a decision, and report to the president, the names of the objectionable candidates will be mailed to each member of the various crafts without comment. The union men are then supposed to do the rest, although it will of course never be known what action they will take in the matter.

Candidate Offers \$1000. A communication was read from A. B. Smith, candidate for tax collector, repudiating the assertion that he was formerly connected with the Citizens' Alliance, and a bitter enemy to unionism. In his letter he stated that the rumor was without foundation, and in fact the matter to a practical test he had \$1000 waiting in the bank for any one who could prove that he was a member of the Alliance. The statement was accepted in good spirit, and it was agreed that the rumor had originated from an unauthenticated source, although it was positively untrue.

About Slot Machines. The question of slot machines came up and a resolution was passed: 1. of protesting strongly against the recent campaign of an ordinance; 2. repealing the prohibition of the slot machines. Two forms of gambling, 3. it was moved to remove gambling to the young in teaching them gambling, 4. bling them the slot machines of off, 5. giving much for little. Where cards, 6. dice, pool or horse racing require a certain amount of publicity in playing, and need some training to become expert at the slot machine, 7. there is the easiest game of chance. The boy can slip up and play it with his modest nickel, 8. without being noticed or without any special learning, and start right out in winning his first dollar, 9. gambling. The union men will do all possible to effect the evil.

No Indorsement for Governor. A letter was read from President Gomers of the American Federation of Labor, giving the records of the various congresses of California and their bearing upon union labor. Contrary to expectations, there was no indorsement for Governor in the communication, although Bell's candidacy had been heartily indorsed by Gomers in his letter to the Bell Clubs' union on the preceding night.

SHORT AND KNOWN AND WILL SPEAK THURSDAY. Congressmen Needham of the Third district and Frank H. Short will speak in Fresno next Tuesday evening. It will be the opening of the campaign in Fresno city.

LOWER COURT DAILY GRIND

Restaurant Man Up for Selling Without License.

Claims No License Is Needed Because Wine Forms Part of Menu.

M. Kurzevich is having a hard time getting on a good understanding with the law, and tenaciously clings to his prerogative as a hotel and restaurant man to give away wines or whatever he likes to his customers with their meals. He runs the Cosmopolitan cafe on Mariposa street, and was up in court about three weeks ago on the same charge. The police claim that he was violating the law by serving wines without a license, but the defendant asserts the claim that the wines form a part of the menu and is only what the customer is entitled to. So far from being a source of revenue, he avers, it means money in his pocket, when the diners decline their wine, as the price they pay for their meals is sufficient to cover the cost of it. Mr. Kurzevich was arrested yesterday on a warrant and will appear in court today to answer the charge. It is possible that considerable hairsplitting distinctions will be made by the attorney for the defense, but the police say that the accused man is clearly guilty of violating the law, and really does reap a revenue from the wine, as the price of the meals are raised high enough to cover the cost of the drink in addition to the meal.

Chased Out to Work. Three respectable young fellows were charged with vagrancy, being arrested by Officer Kennedy yesterday morning. They were Paul Morgosian, J. Dunlap and A. C. Panzer. They all told straight stories about going to a point further south to work on a job that was waiting for them. They admitted being unemployed with their money, but said that they would soon be on their feet again. The judge dismissed the charges against them and told them to go out and get their jobs.

Cautions Long. A. B. Long, charged with running his automobile without a light, appeared to answer a charge of violating the city ordinance. He explained that he was getting the matter attended to, but used his machine in an emergency before the light was fixed. He was dismissed with a caution.

HIGH SCHOOL SENATE FOR REFORMED SPELLING. The regular weekly meeting of the Fresno High School Senate was called to order last night at 8 o'clock by President Harmer of Massachusetts.

Under orders of the day the following question was debated: "Resolved, That the reformed method of spelling as recommended by President Roosevelt be commended." "Manner of California and Hopkings of Louisiana spoke on the negative. When the debate was thrown open to the house, Powell of Nevada and Lyngs of Iowa spoke for the affirmative and Reiss of Connecticut and Jensen of Montana for the negative. The question was won by a vote of eight to six. Socials was reported as author for the next meeting.

DEED.

BOS. In Holland Colony, October 5, 1906, Henry Bos, a native of Holland, aged 17 years 2 months 1 day. Friends are invited to attend funeral from residence of deceased in Holland Colony, Sunday afternoon at 1 o'clock. Interment takes place in A. O. U. W. plot in Mountain View cemetery.

SAN FRANCISCO JOINS FEDERATION

Fresno Realty Men Preparing for Big Convention Next Week.

Through the efforts of the Fresno Realty board, the San Francisco Realty federation has joined the State Federation, making for the first time in the history of the organization, a complete state federation. This news was read at last night's meeting of the realty board by President DeWitt Gray, who yesterday received word that San Francisco will be represented for the first time in the state meet of realty men to be held here next week.

San Francisco will send fifteen delegates to the convention, making in all seventy-five delegates to be entertained here next week. Arrangements for the entertainment of the delegates were made at last night's meeting. The entertainment includes trips to Sunnyside, Kearney Park and other points of interest around the county, besides luncheon and other social gatherings. The convention will be called to order by President Francis Ferrier of Berkeley Wednesday morning.

TO INSTITUTE EXPERIMENTS

Prof. Fortier to Start Important Drainage Work.

Will Demonstrate What Can Be Done—Power Line for West Park Promised.

A series of exhaustive experiments in drainage problems, the results of which will be shown to the farmers by means of demonstration tracts will shortly be undertaken in Fresno county by the Irrigation and Drainage Division of the United States Department of Agriculture under the direction of Professor Samuel Fortier of the University of California, who is chief of that division for this state. The experiments will be conducted on a large scale and will be designed to meet every problem in drainage work here.

Professor Fortier will start his work soon. The tracts of land to be used will be located southeast of town in the alkali section of the county and the results of Professor Fortier's work will be shown to all interested by means of what Professor Fortier calls "Missouri show me" tracts. It is proposed to establish an elaborate system of tilt drainage with tiled drains leading to a central sink from which the water will be pumped. Crops will be raised on this land and the soil analyzed to show the results of the work.

"I believe that a proper system of drainage will enhance the value of the land in the alkali district so as to make it profitable to farm," said Professor Fortier last night. "The problem is not with the alkali particles, but how to get rid of the surface water that brings the alkali to the top and drowns out the roots of the crops."

The chief need of that section of the country now is the establishment of a power line so that the farmers can get power to pump water. The matter has been taken up with the San Joaquin Power company and I think that we can get a power line to that district. If this is done it will enable the farmers to drain off the water and be of incalculable value to the land there."

"I have been aided in this work very largely by Assemblyman A. M. Drew and Messrs. Hobbs and Robertson of the Chamber of Commerce. They have been of great assistance to me."

One of the most valiant supporters of drainage and irrigation work for this valley is Congressman Needham. It was largely due to his influence that we got a larger appropriation for this work at the hands of the last Congress and his interest in the work for the benefit of the San Joaquin valley has been unflagging."

Congressman Needham, Assemblyman Drew and Professor Fortier yesterday visited the drainage experiments which have been conducted near West Park for the past few years by Mr. W. W. Mackie. In speaking of the trip last night, Congressman Needham said: "I was surprised to find out what can be done with that land out there. It is now a recognized fact that wherever we have irrigation we must have drainage. The two go hand in hand."

"The thing most needed in that section now is a power line. We have called on Mr. Wilson and he has agreed to do something for us in that direction. We must also have the co-operation of the owners. The experiments shortly to be started will be a great thing for Fresno."

When we received yesterday morning from Washington that Mr. Mackie has been recalled by the irrigation and drainage division and the work to be instituted here will be under the personal supervision of Professor Fortier.

LOCAL PACKERS NEED MORE CARS FOR FRUIT. Traffic Between San Francisco and East Causes Scarcity Here.

Due to the great number of cars sent East to be loaded with freight, for San Francisco, the local packing firms are in hot water as to how to dispose of their orders. The extra heavy output of products in this valley coupled with the enormous traffic between San Francisco and the East has made a great shortage of rolling stock on both the Santa Fe and Southern Pacific. The contracts of the railroad companies with the fruit firms are causing the railroad officials to make strenuous efforts to reduce the situation, but little has been accomplished so far. Now that the great grape season is over with and there are plenty of refrigerator cars, these may have to be pressed into service. A change for the better, however, is looked for in the next few days.

They are Liver Pills. Ayer's Pills are liver pills. They act directly on the liver, make more bile secreted. This is why they cure constipation, biliousness, dyspepsia, sick-headache. Ask your doctor if he knows a better laxative pill. We certainly do not. If he does, then use his kind. We have no secrets! We publish the formulas of our preparations.

CONTROVERSY IS DECIDED

Questions About Cornices on Federal Building Settled.

Change Improbable Unless Surplus Exceeds \$8000—Work on the 15th.

The much mooted question as to whether the new federal building is to have stone or terra cotta cornices was settled in Washington last night and Superintendent Lavelle will probably be informed of the decision by wire today.

The proposition was talked over yesterday afternoon at a conference between Mr. Lavelle, Congressman Needham and Postmaster Short and Mr. Lavelle wired for instructions to the treasury department at Washington. It is understood that unless the surplus money in the appropriation exceeds \$8000, there will be no change in the cornices. Mr. Lavelle said last night that he had wired Superintendent Architect James Knox Taylor to find out the exact amount of the surplus and had advised against a change in the cornices if the amount does not exceed \$8000.

"There are several changes to be made in the original plans," said Mr. Lavelle, "and these will be expensive. The delay is to be enlarged and this will entail an extra amount of marble work that will eat into the surplus. The change to limestone will involve a delay, and will not, in my opinion, be desirable. Terra cotta will wear much longer than limestone and will be better looking. In the great San Francisco fire terra cotta cornices withstood the flames but limestone smothered off and crumbled away. Terra cotta is made to stand wear and heat."

Work on the building will not be resumed until William Maxwell, who has the contract for the superstructure, arrives from Pierre, South Dakota. Mr. Maxwell has started, but work will probably not start until the 15th of the month.

CAN'T STOP TALKING.

Farmer Talks Grape-Nuts to All His Friends.

The average farmer is nobody's fool. It takes a pretty level head to run a farm, and the more carefully he thinks the more successful he is. A Missouri farmer writes:

"I want to say something about Grape-Nuts as a food but as I am just a common old farmer, I can't put it as strong as I would like to. 'But I would love for all the world to know (that don't already know) about the merit of Grape-Nuts food. It has done me and my family more good in the way of bringing about good health, adjusting our systems, purifying our blood and keeping our stomachs in good order than all the medicines we have ever taken.'"

"My little boy was pale and slim, did not have much appetite until we began the use of Grape-Nuts about a year ago. Now he is robust and hearty, eats Grape-Nuts every day and enjoys perfect health."

"I have prevailed upon my neighbors to try Grape-Nuts and it is astonishing the results. I would not be without it if I had to pay \$1 a package. 'A year ago I read about it and had my grocer order some. I bought most of it and soon saw the benefits from it and then began to talk Grape-Nuts to every one. Now I don't know how many packages the grocer sells each week, but he keeps nearly everybody around here supplied.'"

"Now you can publish this if you want to or do as you please, but you can't keep me from talking about Grape-Nuts, for there is no equal to it anywhere." Name given by Postum Co., Little Creek, Mich. Read the book, "The Road to Wellville," in packages. "There's a reason."

Glass Wearers

Our six stores report growing sales of the Kryptok glasses and ever growing lists of delighted wearers.

If you think your eyes worth the best lenses now made, get Kryptoks. For one thing, the Kryptok gives clear reading and distance vision in the one glass. The Kryptok has no seams or cracks across it to spoil the looks or the eyes.

Cash or installments.

Tuning and repairing by an expert at reduced charges. S. I. Falk, Fresno representative, 1050 J street, opposite Grand Central hotel. Phone Main 1004.

CZENSTOCHOWA, Poland, Oct. 5.—Two terrorists, condemned to death yesterday by a military court martial, were hanged here today.

PERSONAL MENTION.

T. A. Dimond left last evening for San Diego to take charge of a department in a music store. Mr. Palemon Arilla of Hermosillo, Mexico, who has been visiting his sister, Mrs. John A. Xen of this city for the past few days, went to Los Angeles last night where he will make his future home. Mr. Arilla expressed himself as pleased with the prospects of Fresno county.

BLUE RIBBONS TO PLAY BAKERSFIELD

The Blue Ribbons will leave tonight on the Owl for Bakersfield to play a game with the "big team" of that city. The home team has tired of defeating small clubs and has gone after big game.

Hobbes Arrested Last Night. As the Owl came in last night half a dozen hobbes stepped off and were about to go down town to prey upon the tender-hearted with hard brick shovels, when Officer Cronkrite saw them. He succeeded in laying his hands upon five of the number, while the sixth got clear. They were booked at the jail as McFlynn, Sullivan, Healey, Ben Smith and Salant. Two other hobbes were arrested by Officer Kennedy during the day and gave their names as Paul Morgosian and J. Dunlap. The bunch will come up before Judge Briggs this morning.

F. M. Rouman returned yesterday afternoon from a visit to the destroyed parking house of Griffin & Kelley at Dinuba. He could give no figures of the loss or insurance, but the loss is roughly put at \$30,000, about 100 tons of raisins and fifty tons of peaches were destroyed.

BAKERSFIELD, Oct. 5.—A heavy wind and sandstorm prevailed here today. This is the third storm of its kind within the past two weeks. No rain has fallen this season. Indications point to rain.

UPA Russia, Oct. 5.—An armed band numbering forty men held up a mail train near the bridge over the Bihir river last night. After killing a soldier and wounding three others, who were in charge of the mail, the robbers escaped with \$125,000.

MISSISSIPPI
TORNADOESNew Orleans and Vicinity Is
Swept Again.Several Lives Lost in Wrecks
of Houses—Storm's
Path Is Wide.

NEW ORLEANS, Oct. 5.—Three separate tornadoes struck New Orleans and vicinity today, causing loss of life and great property damage in sections which a week ago today were more or less devastated by the Gulf hurricane.

The first tornado was at Ponchartraine, La., fifty miles north of here; the second in New Orleans, and the third near Biloxi, Miss., half way between here and Mobile, on the Gulf coast.

The tornado at Ponchartraine struck the northern end of the town about 7 o'clock in the morning. George Hawes was killed in his home, which was blown down, and his wife and four children were badly injured. Three negroes also were reported killed at Ponchartraine.

The second tornado appeared in New Orleans shortly after 8 o'clock, ripping a narrow path through five miles of the city's residence and business portions and doing \$500,000 damages. No lives were lost here, but one negro was fatally injured by a freight car overturning upon him and half a hundred other persons were injured, eleven of whom were taken to hospitals.

The third tornado passed seven miles northward of Biloxi, Miss., where it overturned an engine and three cars belonging to the Denzler Lumber company, slightly injuring the engineer and firemen. Immense trees which stood last Thursday's hurricane, were uprooted in this section.

The fact that today's tornado followed so closely last week's catastrophe was responsible for reports immediately following the storms that about twenty lives had been lost in the city and surrounding country.

MOBILE, Oct. 5.—A tornado passed twelve miles north of Mobile, between Oak Grove and Whistler, Ala., this afternoon. All the Western Union wires were prostrated. No damage was done in Mobile. The storm cut a swath 100 feet wide. At this time it is not known if any lives were lost.

MOBILE, Oct. 5.—At 11:10 o'clock this morning a tornado passed near Kuskusha station, on the Mobile and Ohio railroad, about twelve miles north of Mobile. No loss of life has been reported, and, owing to the thinly populated country, it is hardly probable there will be any. The tornado cut a swath 100 feet wide and felled much timber. The Western Union Telegraph company lost its wires along the Mobile and Ohio, Louisville and Nashville and Southern railroads. The wires went down simultaneously. Mobile felt no effects of the tornado.

BIRMINGHAM, Ala., Oct. 5.—A special from Jackson, Miss., says that two and a half inches of rainfall has been recorded during the past twenty-four hours and unless clearing weather intervenes soon another fine-up of the railroads will result. The precipitation between 1 o'clock and 8 o'clock was heavier than during the equinoctial storm last week. Trains are from one to four hours late.

Las Vegas and Tonopah. SALT LAKE, Oct. 4.—The Herald tomorrow will announce that the Las Vegas and Tonopah railroad will be completed to Bunkley in the Bullfrog mining district by October 23 and on that date the people of the district will hold a general celebration. Senator W. A. Clark and Charles M. Schwab have been invited as guests of honor. Excursion rates and special trains will be secured from Salt Lake and Los Angeles.

McKinley Memorial Trustees. CANTON, O., Oct. 4.—The McKinley memorial trustees, among them Vice President Fairbanks, held a meeting here today and this afternoon called on Mrs. McKinley. A trip was then taken to Monument Hill, where the work of construction on the national memorial was inspected. The trustees were much pleased with the work.

Two Killed in Sewer. COLUMBUS, O., Oct. 4.—Two Italian workmen were killed today in a cave-in at the Goodale park intercepting sewer. Three others were more or less seriously injured but they will recover. Sixteen men were working in the sewer, which is twelve feet deep, when the retaining walls caved in and buried all of them.

Victim of Football Practice. TORONTO, Oct. 4.—Cameron Paulin, 21 years old, died early today from injuries received yesterday afternoon while at practice for the anniversary of Toronto University football team. His skull was fractured.

BYRON HOT SPRINGS.

The great health and pleasure resort of California not disturbed by the recent earthquake. You may still find rest, amusement and regain your health. The hotel table is sumptuous! It is the only place in the world where you can get a hot mineral bath in porcelain tubs without leaving the hotel. If you can not spend a long period there take advantage of the week end excursions! The Southern Pacific is still selling these excursion tickets at \$11.00. All expenses paid, Friday to Tuesday inclusive, including R. R. fare, two days' board at the hotel, use of mineral water and baths, also hot mud baths, and stage fare to and from station to hotel.

A DAYLIGHT TRIP.

Through San Joaquin Valley in Parlor Cars. Travelers on the Southern Pacific may now see the great San Joaquin valley by daylight while riding through it in comfortable parlor cars. These new and fully furnished cars are carried on train No. 34, the Bakersfield Passenger, which leaves San Francisco daily at 8:30 a. m., arriving at Bakersfield 6:05 p. m., and on train 33, leaving Bakersfield 7:30 a. m., and arriving at San Francisco 4:00 p. m. These cars have large windows and easy cushions, and the daylight trip enables the traveler to see all the great valley.

S. B. Lung Tonic. Cures coughs, colds and hoarseness; is pleasant to take and always effective. Genuine only at Smith Bros' Drug Store.

BULGARIA'S PATIENCE
ALMOST EXHAUSTEDTurkish Commissioners' Delay In
Signing Report May Lead to
Territory Being Re-occupied.

CONSTANTINOPLE, Oct. 4.—The delay of the Turkish commissioners to sign the report resulting from the inquiry into the frontier dispute regarding the delimitation of a portion of the vilayet of Adrianople, which led to a sharp fight recently between the soldiers guarding the Bulgarian post at Sijak and the guard on duty at the Turkish post of Derwish Mogila, has brought out practically an ultimatum from Bulgaria in which it is declared that unless the report is signed by October 14th the Bulgarian troops will be ordered immediately to reoccupy Sijak.

The inquiry was concluded three weeks ago, and it is claimed that while the report is in favor of the principality, the Bulgarian commissioners have been unable to induce their Turkish colleagues to append their signatures.

WOULD-BE GOVERNOR
CONVICTED OF FRAUDAttorney of Springfield, Mo., Swore
Falsely in Regard to a
Land Entry.

SPRINGFIELD, Mo., Oct. 4.—James B. Doudan, an attorney of this city, was yesterday found guilty by a jury in the federal court of having made false affidavits in a land entry before the United States land office here. Doudan's offense consisted of having made affidavit that forty acres of land in Christian county was untenanted and subject to entry, while a man was living on it. The owner of the tract had paid \$2000 for it and Doudan, it was proved, had offered to relinquish the claim he had upon it by reason of the false entry, for \$900.

Doudan is prominent in politics and recently announced that he would make the race for the Republican nomination for governor two years hence.

GIANT CORN SAMPLES
EXHIBITED IN CHICAGOKansas and Oklahoma Contending
for Victory, Each Showing
Marvelous Exhibits.

CHICAGO, Oct. 4.—Kansas and Oklahoma are struggling for the pennant at a corn festival now being held in this city.

W. J. Black, general passenger traffic manager of the Santa Fe Railway company, said today that the carnival samples of "white and yellow dent" corn sent from Franklin county Kansas, are attested to average ninety bushels to the acre, while samples from Nowata, Kan. county, Oklahoma, are certified by the clerk of Kay county court to average 100 bushels to the acre. A cornstalk sent from Wichita, Kansas, measures twenty-one feet seven inches in height. It is sixteen feet to the first ear and there are five ears on the stalk.

EARLY MORNING FIRE
IN NEW YORK'S CENTRENinety Families Were Driven from
Home and Property Worth
Millions Endangered.

NEW YORK, Oct. 4.—Ninety families were driven from their homes, three firemen were injured, property valued at \$50,000 was destroyed and surrounding property valued at millions was seriously threatened by a fire which started early today in a four-story building in Franklin street. One of the buildings threatened is St. Gregory's hospital, whose officials had their hands full in caring for the excited patients. The fire spread to three four-story tenement houses adjoining. Ninety families who were sleeping in the tenement houses were aroused and most of the occupants had no trouble in reaching the street.

COLORADO RIVER HAS
TESTED THE BANKSWork of Turning the Stream Into
Old Channel Is Delayed By
High Water.

IMPERIAL, Cal., Oct. 4.—During the past week, the work of turning the Colorado river back from Salton Sea into its old channel, leading to the gulf of California, has been standing a severe test of high water, which at times has been critical. For three days now the water has been falling and the works are still intact. It was expected to turn the river about October 15th but there will probably be a few days' delay on account of the high water. About 3000 men are engaged on the task, with immense railroad and machinery equipment.

UTAH DEMOCRATS
ENDORSED W. J. BRYANRadical Platform Adopted and Can-
didates Named for Congress
and Supreme Court.

SALT LAKE, Utah, Oct. 4.—The Democrats of Utah today nominated Orlando W. Powers of Salt Lake for congress, and Judge James W. N. Whiteclinton of Provo for justice of the Supreme court.

The platform endorsed William J. Bryan as the logical candidate for president of the United States. It pledges the candidates to support the cause of irrigation in the West, calls for the election of senators by direct vote and declares in favor of the public ownership of public utilities.

REFUGEE TENT DWELLER
HAD STOLEN PLUNDER
AND BURGLAR'S OUTFIT

SAN FRANCISCO, Oct. 4.—Eugene Bland, who occupied a tent in the federal soldiers' refugee camp, was arrested today by the theft of money and property to the amount of \$200 from members of the Comma club. All the plunder taken from the club was recovered as well as other property believed to be stolen. Eugene Bland's camp the police found a piece of horse loaded with lead a revolver and a mask.

Heretic Charges Dismissed.

ROCHESTER, N. Y., Oct. 4.—The heretic charged brought against Rev. H. F. Mitchell by the Rev. George A. Cook was dismissed today by the Central New York Methodist Episcopal conference, in session at Poughkeepsie. It is understood, however, that the charges will be preferred in another form at the next conference.

CHINESE FOR
CANAL WORKPassing Upon Bids Will Take
Some Time.Chinese Government May
Place Obstacles in the
Way of the Plan.

WASHINGTON, Oct. 5.—The offices of the isthmian canal commission are busy examining the proposals recently submitted by contracting firms for furnishing Chinese labor for work on the canal at Panama. Because of the peculiar conditions surrounding the importation and employment of aliens in this work, complicated in part by the adjustment of some international features which probably will arise, several weeks must necessarily elapse before any conclusions are reached and the contract awarded.

Some doubt is expressed whether contractors will be able to carry out any contract which will be awarded for supplying coolie labor. Preferably because of climatic conditions, the isthmian commission desires that any laborers sent to the isthmus shall come from the southern provinces of China. In that section, reports received at the Chinese legation show that not a single Chinese newspaper favors the emigration of Chinese to Panama, on the experience of those who went there for the French canal company are still fresh in the minds of the people.

The Chinese were unable to withstand the conditions then and it is said that about 75 per cent of those who went there died.

The suggestion has been made that if the Chinese government interposes an objection, the contractors may resort to the Philippines or to the Straits Settlement, over which the Chinese government has no jurisdiction.

WASHINGTON, Oct. 5.—A tentative decision has been reached by Chairman Shonts of the isthmian canal commission that the Panama canal be built by contract. An announcement of the final determination of the canal officers respecting the method of construction is expected in a few days.

Chairman Shonts had a long conference last night with President Roosevelt at which this and other matters relating to the canal were considered fully. The president is anxious that a conclusion be reached on all questions of canal construction as soon as possible, so that the actual work of construction may be pressed vigorously.

Chairman Shonts and Chief Engineer Stevens have been working for many weeks on the subject of constructing the great waterway by contract. They have prepared specifications for the work, which are now being considered before the issuance of invitations for proposals.

It is understood that the president has not abandoned his contemplated trip to Panama and will not unless the Cuban situation or some other question should become so acute as to require his presence in Washington. Chairman Shonts expects to be in Panama at the close of the president's visit, but it is likely that instead of accompanying the president he will go to Panama in advance to supervise arrangements for his reception.

FRANK MAESTRETTI
REMOVED FROM BOARD
BY THE ACTING MAYOR

SAN FRANCISCO, Oct. 4.—Frank Maestretti, a member of the board of public works, was today removed from office by Acting Mayor James Gallagher. In his letter to Maestretti, Mayor Gallagher assigns inefficiency and general dissatisfaction with his work as the cause for the removal. Supervisor George F. Duffy has been appointed to the vacancy.

Roughing It for Information.

SAN JOSE, Oct. 4.—J. W. Dawson, junior member of a large steel firm of Sheffield, England, is making an 18,000 mile tour of America as a common laborer, in order to gain at first hand information as to alien settlers in the United States and especially in California. He speaks highly of labor conditions as he found them here.

Race Track for San Jose.

SAN JOSE, Oct. 4.—A movement is on foot to organize the San Jose Training and Driving Park Association for the purpose of constructing a regular one mile track with the necessary stands and buildings. It is proposed to incorporate the association for \$100,000.

Re-elected Fifteen Times.

MIAMI, Fla., Oct. 4.—Mrs. Elizabeth Rodgers of Chicago, who has been at the head of the Woman's Catholic Order of Foresters for fifteen years was found to have been re-elected chief ranger at a session of the convention which lasted all of last night.

A Rare "Fascinating Pilgrim."

LONDON, Oct. 4.—A copy of the third edition of Shakespeare's "Fascinating Pilgrim," of which the only other copy extant is in the Bodleian library, has just been sold at private sale to an American buyer for \$10,000.

Transport Thomas Little Damaged.

MANILA, Oct. 5.—The fire on the transport Thomas has been extinguished. The damage caused by the fire is small and the transport will sail for San Francisco nearly on schedule time, with the Sixth infantry.

Long Distance Earthquake Shock.

GOETTINGEN, Prussia, Oct. 4.—The seismograph at the observatory here today registered a powerful earthquake 14,000 miles distant from this town. The vibrations lasted two hours.

Shah of Persia Ill.

TEHRAN, Persia, Oct. 4.—The Shah of Persia, Muzaffar-Eldin, is reported to be seriously ill.

Napoleon Bonaparte

showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best Liniment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc. A. C. Pitts, Boston, Mass., says: "I use Ballard's Snow Liniment in my family and find it successful for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by Geo. H. Monroe.

BLACK SEA STEAMER
BOARDED AND ROBBEDArmed Men Held Crew and Passen-
gers at Bay and Got Away With
\$5,000.

TRIFL, Transcaucasia, Oct. 3.—Twenty-five armed men with rifles and revolvers, who boarded the Black sea steamer Czarevitch George at various points between Sukhin-Kale, a seaport on the Black sea and Novorossisk on the east coast of the Black sea, succeeded in abstracting and getting away with \$5000 from the mail and the cargo treasury during the night of October 1st.

Firing their weapons and shouting to the steerage passengers not to move, the robbers drove the crew into the steerage and occupied the approaches to that part of the ship, threatening the passengers and crew with death if they resisted. The first-class passengers fired some shots at the robbers who, however, compelled the immediate cessation of the firing, threatening to shoot the captain, the two mates and four sailors whom they had detained as hostages if the firing was continued.

After securing the money the robbers compelled their hostages to put their hands in one of the ship's boats.

RELIEF FUND WHISKY
MAY BE DISPOSED OFInternal Revenue Department Says
It May Be Sold Free of
Special Tax.

WASHINGTON, Oct. 4.—The commissioner of internal revenue has received a letter from Henry Scott, executive officer of the San Francisco Relief and Red Cross funds, stating that that corporation has a large supply of whisky on hand which is of no value for relief purposes and which they wish to sell without taking out the special wholesale license.

The commissioner has decided that under the act of 1879 they may sell these spirits in one parcel only, or at public auction in not less than twenty wine gallons, without the payment of special tax.

QUINCY, Mass., Oct. 4.—The Octopus, the new marine addition for the United States navy, was successfully launched today at the yards of the Fore River Shipbuilding company in the presence of many distinguished naval officers and civilians. The Octopus is designed to stand a submerged 100 feet without crushing her plates and her required speed on the surface is twelve knots.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy is the absolutely best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

-PRINTERS' INK PAYS-

HOW NOT TO
PLAY BALLFresno Lost Listless Game to
Seals Yesterday.Many Errors Costly for Raisin
Eaters, Who Get Short
End of 9-5 Score.Listless playing by the Raisin Eaters
was responsible for their defeat at the
hands of the Seals at Recreation park
yesterday afternoon. The game for the
must part was an exhibition of
"How Not to Play Ball," or the Game of
Dumb-Puppy, with Cartwright, Es-
gar, Delmas and Casey in the lead-
ing roles. Fresno had a batting rally in
the last inning, finding Brown for five
hits, but here again listlessness in base
running let the locals off with three
runs and when the exhibition was fin-
ished the score was 9 to 5 in favor of
the Seals.San Francisco made four runs in the
first inning. Spencer started out with
a scratch hit which bounded against the
second baseman's legs and Spencer was
on the second sack before the sphere
could be recovered. "Happy" caught a
high foul from Moller's bat and then
Irwin knocked one to Casey. An at-
tempt to put out Spencer at the home
plate failed and both men landed safe.
With Wheeler on third and Irwin on
first, the Seals worked the old double
steal, scoring Wheeler. "Happy" threw
the ball to Casey, but he dropped it
before it could be returned to the plate.
Irwin scored on Williams' three-bagger
to left field and Williams came home on
Walshour's hit to left field. Fair flew
high to McLaughlin and went out on
George's pretty peg to Cartwright,
which stopped the damage.In the second inning, Wilson flew out
to Casey and Brown walked. Spencer
hit a hot one to Truick and landed safe
before the third baseman could recover
himself. Wheeler hit the next ball
down to Delmas and Spencer went out
at second. In running to get out of
Wheeler's way, Spencer interfered with
Delmas and the shortstop made a bad
peg to first, allowing Wheeler to make
second and Brown to cross the rubber.
Moller put an easy one down to Truick,
but he fumbled it long enough to let
Moller reach first and Wheeler score.
Irwin struck out, ending the exhibition.
Irwin led off the third inning by
knocking an easy one to Casey, but
Hoag walked the next man at bat.
Walshour's long hit to right scored Wil-
liams and Fair followed with a hit to
left. Wilson hit a grounder to Casey,
but he missed it and both Walshour
and Fair crossed the rubber.Fresno's five runs were made in the
last two innings. Before that time the
Raisin Eaters had been able to find
Brown for only three scattered hits, but
he went to pieces in the eighth inning
Cartwright knocked a slow ball to
Moller, who took his turn at playing
"Dumb-Puppy" and allowed Brownie
to get safe. Hoag followed with a hit
to center, but was retired at second on
Hoag's hit to Moller. Hoag went second
on a passed ball by Brown and Casey
walked, filling the sacks. Fair caught
a high foul off Doyle's bat and then
Brown walked. McLaughlin, forcing
in Cartwright. Hoag scored on Engan's
hit to center.Dashwood led off the ninth with a
three-bagger to center and scored on a
writ pitch. Cartwright made a hit in
right and Hoag followed with another
safe one to the same garden, but Car-
twright went out at third on account of
slow base running. Hoag landed safe
on a fielder's choice that retired "Hap-
py" at second and Hoag scored on
Casey's two-bagger to right. Casey
scored on Doyle's three-bagger to right,
but died at third base.The score told the tale:

STANDS FIRMBut W. Parker Lyon Furnishes
Den of Vice.Sale of Furniture to Notorious
"Whitney Club" Does Not
Affect Policy.There is evidently a serious popular
misapprehension in regard to Mayor
Lyon's tenderloin policy. From the
fact that certain large houses of re-
solute character in the suburbs of
Chinatown are running wide open and
from the fact that Chief of Police
Shaw has publicly announced that they
were to be permitted to violate the
law, it was generally taken for granted
that Mayor Lyon had backed down from
his former position of non-tolerance
of this evil. The fact now that
W. Parker Lyon has furnished one of
these houses, where the strange women
situate at the gate, has given further
evidence to this misapprehension among
thoughtless people who cannot distin-
guish between business and reform.The fact is that W. Parker Lyon has
sold a large bill of furniture to Ma-
dame Allie Whitney, keeper of the no-
torious Whitney club, which was elu-
sively referred to as the "den of vice."
W. Parker Lyon's wagon was seen un-
loading costly furniture into the place,
and the thoughtless have confused W.
Parker Lyon with Mayor Lyon.
Mayor Lyon, however, has not
swerved from his original policy. He
stated emphatically yesterday that he
had given Chief Shaw the same iden-
tified orders he had given Chief Devoe.
He added with some disingenuousness
that he did that upon the advice of the
city attorney. To be sure, Mayor
Lyon has not given Chief Shaw twenty-
four hours to do a certain thing, as
he gave Chief Devoe.Mayor Lyon was asked yesterday if
the sale by W. Parker Lyon to Allie
Whitney of a large bill of furniture,
was to be taken as indicating tolera-
tion of that class of illegal house;
whether when she came to buy the
large amount of elegant furniture, he
as Mayor Lyon, should not advise her
that as the city's chief executive, true
to his oath of office and to his repen-
dent declarations, he could not permit
her to resume her illegitimate occu-
pation and that therefore she should
not buy a lot of furniture from W.
Parker Lyon; that so far as she was
concerned it would be a mere waste of
money.Mayor Lyon said he advised nothing
of the kind. As W. Parker Lyon was
not his business to enquire as to
antecedents or present intentions. So
far as he knew as W. Parker Lyon,
furniture king, this purchaser was fur-
nishing her home, she has to have some
place to live and the fact that she de-
sired to live sumptuously in the midst
of weathered oak and leather uphol-
stery was certainly not his business.Mayor Lyon said he knew nothing
of the kind. As W. Parker Lyon was
not his business to enquire as to
antecedents or present intentions. So
far as he knew as W. Parker Lyon,
furniture king, this purchaser was fur-
nishing her home, she has to have some
place to live and the fact that she de-
sired to live sumptuously in the midst
of weathered oak and leather uphol-
stery was certainly not his business.
over, he knew that this lady had stay-
ed at the leading hotels of Fresno and
for all he knew she subscribed for the
Republican. Her credit was good.
case she had cash, and as a business
man he saw no reason why he should
not have done as other business men
do. So far as he knows her home life
has been exemplary. Besides the boxes
in the store sold the furniture, al-
though both Mayor Lyon and W. Par-
ker Lyon manifestly assumed entire re-
sponsibility, whatever there might be
Mayor Lyon was asked if he knew
that Madame Whitney exhibited to
her many visitors, or to many ac-
tresses, that she had bought her fur-
niture from W. Parker Lyon, and that
this was doubtless intended to give a
certain feeling of security from police
harassment and was so accepted.Mayor Lyon said she had
to say this or to assume anything of
the kind. Having bought furniture for
her home it was her business to keep
her mouth shut about it.On the contrary, if he would permit
his business to in any degree influ-
ence his official acts, he would have an
abundant opportunity to sell furni-
ture. Maloney, Molly Livingston, Un-
son, Farnell had approached him with
immense propositions.The amount of the furniture deal is
variously stated. Madame Whitney
has said that she spent \$1000 in buy-
ing up her place. Irresponsible street
power put the furniture bill from \$100-
to \$1500. W. Parker Lyon says it was
not \$1500 or \$1000 or even \$500. How-
much it was he did not say. It is un-
derstood that Madame Whitney bought
at least one stick of furniture from
every dealer in town. The great bulk
of the order was placed with W. Par-
ker Lyon, however.Mayor Lyon states that just at the
present time he is very busy with the
subway.THEATRE MANAGER
BEGGS FOR CRITICISMNEW YORK, Oct. 5.—A London dis-
patch to the Times states that Man-
ager Boucher of the Garrick theatre,
who produced "The Maccabees" early
in September, practically excluded the
dramatic critics from the theatre, he re-
pelled the editors of the London
papers and humbly entreats them
to allow criticism of the play to ap-
pear in their columns. He says he asks
this in justice to the author of the
play and these cast in it.
The chances are that the editors will
return his Bismarckian attitude to-
ward Boucher and let him continueCOBERLY'S POSITION ON
DRY CREEK CHANGEEditor Republican: I notice in your
paper of this morning an article on the
change of boundaries of the second ju-
dicial district by adding old Dry Creek
precinct. My protest to the change is
not in its being made but the way it is
done. In reality old Dry Creek should
be attached to the second district, but
I think it hardly fair to make the
change on the eve of election and on
the very last day that gives the vot-
ers a chance to vote for the second dis-
trict nominees. When the convention
was held the voters and delegates from
old Dry Creek had no chance to have
a say in the nomination of the second
district candidates. I was not aware
that anything of the kind was con-
templated until after the petition had
been filed when Justice Heall told me
he had filed it. I think it is not the
thing to do at this date. However, if
the board wants to make the change I
will take my chances in old Dry Creek,
which, I am told, is strongly demo-
cratic. As to its political standing, how-
ever, I know nothing personally.
Yours truly,
ISAAC COBERLY.Republican Nominee for Justice of the
Peace Second District.
Clovis, October 3, 1906.FOURTEEN-YEAR-OLD LAD
ARRESTED FOR BATTERYGave Another Boy a Severe Beating
Upon Trifling Provocation.Although only 14 years of age, Clarence
Woodcock was arrested on a war-
rant yesterday after a search of a day
and put in jail on a charge of battery.
A warrant was issued in Judge Briggs'
court on Thursday on a complaint lodged
by H. H. Nordgren, another boy,
who received a terrible beating upon
apparently little provocation. Other
things were also complained of in con-
nection with the tough youngster.The warrant was given to Plain
Clothes Officer McSwain, who came
upon his quarry last night after a crum-
pled search. The lad was later released
on an order signed by Judge Briggs, who
directed that the boy be turned over to
his father until brought to court.Young Woodcock is an intelligent
looking lad who seemed respectful and
well behaved enough when he was
looked at the jail. It is said that he
possesses a furious temper and is easily
roused. He will come up before the
court today, and may be brought be-
fore the juvenile court for examina-
tion.

Y. M. C. A. NOTES.

Great Increase Over Last Year Re-
ported.That the Y. M. C. A. is making a
wonderful start this year is shown by
the great increase in every department
and class. In the senior class last
year there were forty-nine members,
while at present there are eighty-one;
in the boys' class there are seventy-five.
In addition to this, the business men's
class has so increased that a larger
dressing room will have to be equipped.
The basket ball schedule is being ar-
ranged and will probably consist of four
teams, with one from the High school.
It will be managed this year so that
there will not be so much friction be-
tween the players. The association has
an exhibit of photographs of summer
camps, night school, gymnasium classes
and the strengthening apparatus in the
windows of the Chinn-Beretta opti-
cal company.RICH MAN AND HEIRESS
MADE RUNAWAY MATCHMarried Secretly on Board a Yacht—
Her Parents Objecting Be-
cause of Her Youth.NEW YORK, Oct. 5.—Russell F.
Hopkins of Atlanta, Ga., and Miss Vera
L. Siegrist of New York were married
on board the yacht "Ona," while the boat
was anchored off Peekskill yesterday.
The marriage, it is stated, was a run-
away one, the relatives of the bride
objecting to her marriage because of
her youth.Miss Siegrist is an attractive girl and
about 17 years old. She is the grand-
daughter of J. J. Lawrence, a mil-
lionaire. He was until a few years
ago a resident of St. Louis. His man-
sion on Fifth avenue is one of the
finest dwellings in the city. The Law-
rences have no children. Miss Siegrist,
who had made her home with
them since the death of her mother,
is alone heiress to his great wealth.Russell F. Hopkins is from Atlanta,
and is a millionaire. He was recently
appointed consul at Atlanta from Pan-
ama.ROCKEFELLER FAMILY
IN ANNUAL RE-UNIONFlemington, N. J., Is the Scene of
Gathering—John D.'s Monu-
ment to an Ancestor.FLEMINGTON, N. J., Oct. 5.—The
second annual reunion of the Rocke-
feller Family Association, which be-
gan at the court house here yesterday,
was attended by a number of Rocke-
fellers from different parts of the
country. The annual banquet was held
in the open house. Today the man-
agement which John D. Rockefeller has
erected in the cemetery at Larison's
Corners, in memory of his great-grand-
father, Johann Peter Rockefeller, was
unveiled.
The inscription upon the monument
reads as follows:
"In memory of Johann Peter Rocke-
feller, who came from Germany in the
year 1723, died in 1753. He gave
this land for a burial place for his fam-
ily, his descendants and his neighbors.
This monument, erected in the year
1906 by John Davidson Rockefeller, a
direct descendant."

COMICAL JARS BY FUNNY MEN

AU CONTRAIRE.

"Are you afraid I'll bust it, pop?"
"Er—no; I'm afraid you won't!"

NOT FOR A GOOD PURPOSE.

"I'm glad you say you'd like to be an angel, my child."
"Yes, sir; I'd fly over that nasty-Susie Jones an' drop a brick on her!"

Discouraging.
Cholly—I stood on the corner this morning and of all the hundreds of women that went by I didn't see more than three I would marry.
Dolly—And I suppose the number that would marry you was a good deal smaller still.

Putting the Seal On.

"He gave me a message to deliver to brother George," she explained demurely.
"Was it necessary to kiss you in order to do that?" demanded her mother.
"Yes," she answered; "it was a sealed message."

In Bad Shape.

"I saw Jones in the neighborhood of Miss De Weath's house last night, and he didn't look at all well."
"Nervous, I guess; probably going to pop."
"He looked more as if he were just coming from pop."

Guess Again, Perhaps.

"But," protested the angry creditor, "you said you guessed you would pay me today."
"I know I did," explained the humble debtor; "but you see, I am such a poor guesser."

He Won Out.

She—Poor fellow! So you loved and lost, did you?
He—No, I can't say I lost anything. She returned all my presents.

Not So Bad as That.

Reginald—Did you ever see the sun rise?
Algernon—No; I'm always abed before then.

BASEBALL IN DARKTOWN.

Mr. Queeves (the Blackville heavy hitter): "Nin' innin', t'ree behind, t'ree men on base, two out an' two strikes. Now ef de wind 'll only blow dat b'loon ovah heah an' I git a good ball I'll retrieve de loss ob de mawnin' by a (swish, crack!)"

"Base hit! Dat loses de ball, loses de air'nout, wins fo' runs, wins de game an' brings me 'cross de plattah do—"

"—'lion ob de houah!"

Her Little Hint.
She shortened the shawl strap until she was able to fasten it to her arm.

"There!" she exclaimed. "If you are afraid I will get away, you can hang on to the handle of that. It will be much more convenient than gripping me by the arm and also much pleasanter for me."

A Malicious Exposure.

Emeline—How I should love to overhear the conversation of several highly intelligent men!
Edgar—Pooh! I have been with them. They always begin on books, but soon get to talking about something good to eat.

Refuses to Run Risks.

Wife—Don't you want to go shopping with me?
Husband—No, thanks.
Wife—You don't love me.
Husband—Yes, I do. I love you so much that I don't want to run the risk of a permanent separation.

Awful Suggestion.

Ever think what a terrible lot of explanations and apologies it would cause if all the husbands and wives who have been dead as long as ten years were permitted to come back?

No Flattery.

Miss Beamley—I understand you do very handsome work and make very pretty pictures.
Photographer—Yes, but I could give you an exact likeness if you wish.

NO VISIBLE CHANGE.

"By Jove, Wobby, I think I must be in love."
"Gracious, Weggie, why?"
"Oh, they say a fellow in love always gets so like an ass, ye know."
"But, bless me, old chappie, I haven't noticed anything unusual about you."

HE GOT THE PLACE.

"I just put that sign up, young man. Why did you take it down?"
"Cause I'm the answer."

ANOTHER VERSION.
To believers in old axioms,
Let it now be understood,
It isn't that the good die young,
But that the young die good.

REPARTEE.

The Doctor—Do you know, I think your profession is absolutely useless. It certainly doesn't make angels of men!
The Lawyer—Well, I must allow you have the advantage of us there!

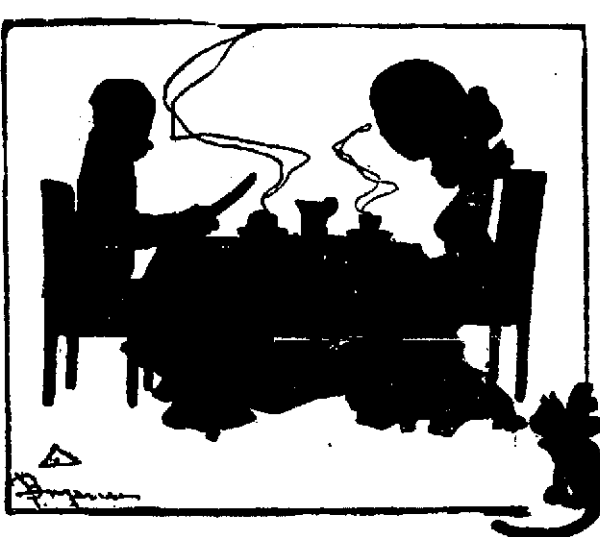

SAVED FROM PERDITION.

He'd formed the purpose dire
A suicide to be,
His pistol, though, missed fire,
And, therefore, so did he.

RELATIVE DISTANCE.

It's three miles as the crow flies,
But truly it appears,
As the patent, double jointed flying machine tries,
To be several hundred years.

HONEYMOON COOKING.

Mrs. Newbride: "I'm sorry you don't like my cooking."
Mr. Newbride: "Why, my dear, I've never complained of it."
Mrs. Newbride: "But you're always growling about your stomach."

HIS FINANCIAL PARADOX.

A thing I cannot understand—
Perhaps it springs from thought re-
fracted—
Is how a fellow's debts expand
The more they are contracted.

MUTUALLY ATTRACTIVE.

She (to herself)—I like him; he's so intellectual.
He (to himself)—I like her; she's a charming little fool.

THE TELLING OF IT.

"The proudest moment of my life,"
He said it was. We doubt it.
His proudest moments are the ones
In which he tells about it.

STUMPING THE OLD MAN.

"Papa, when you were a boy did you ever tell a lie?"
"I am afraid I did, my boy. Why?"
"Nothing, only I was afraid you didn't."

TAKING COVER.

A practical use for the new fashioned summer hat.

FOR HER NOT ANY.

She simply could not stand for slang
And said that foxy geuts
Who spiled the language of the gang
Looked just like thirty cents.

DIFFERENCE OF SEX.

A little lady of sixteen
Too fresh can never be.
But, oh, a boy about that size,
Pert, self important and all wise,
For slapper treatment should be laid
Across his grandma's knee.

TOO MUCH FOR HIM.

"How did Plodden' Pete git writer's cramp?"
"He tried ter keep a list uv all de folks wot offer'd him work."

NOT THE MODERN KIND.

"She's not what you'd call an advanced woman?"
"Oh, no."
"Has no intelligen in life, I suppose?"
"Oh, I believe she thinks to have one, but it's nothing of any importance."
"What is it?"
"Just a mission to make some good man happy, I understand."

TO WHAT BASE USES.

The Poet: "So you don't think you can use my poem?"
The Editor: "Oh, I don't know. You might just see if it's big enough to cover that broken pane of glass."

SPEED ITS FLIGHT.

Time flies when with a lady fair
You sit around and spoon.
And, really, ere you are aware,
Come is the afternoon.
Complimently you watch it's flight—
You can sit closer after night.

A SURE WAY.

If you would have a thing well done,
As Franklin would declare,
There's one sure way, and only one:
Tell 'em you like it rare.

LIQUIDS.

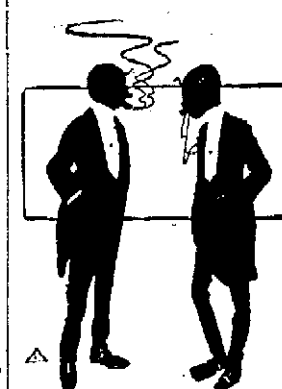

Every time when he has any,
Goes to keep Jagg's whistle wet,
But he wouldn't spend a penny
For to liquidate a debt.

SUCH BAD FORM.

The girl was quite romantic,
A social butterfly,
And so it made her frantic,
In fact, she'd almost cry
When her coarse father took a knife
And started in on pie.

PLENTY LIKE IT.
"Can I get this money shaved?" he finally asked the money lender.
"Gracious," exclaimed the broker as he glanced at the date, "it's old enough to need it!"

FACTS IN THE CASE.

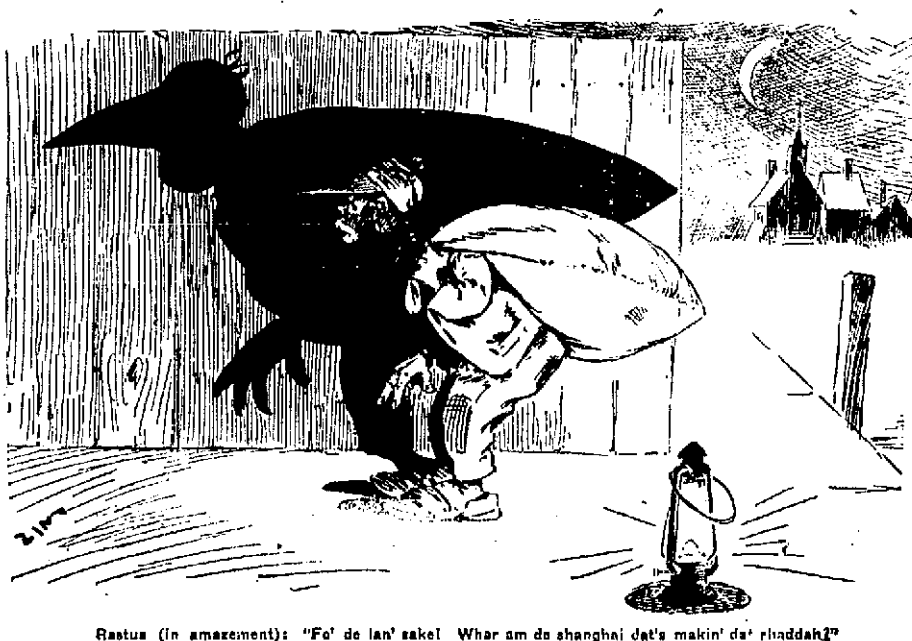

"They tell me Wedderly leads a dog's life."
"That's a fact. I saw him going down street yesterday in the capacity of pacemaker to his wife's pet canine."

A SEASIDE ROMANCE.

She went to the sea to get the sea air.
For she was a young millionairess.
But young Texaplunks, he for sea air
did not care—
He was present to get the sea heir-
ess!

COULDN'T UNDERSTAND IT.

Rastus (in amazement): "Fo' de lan' sake! Whar am de shanghai dat's makin' de' rhaddah?"

HE COULDN'T SEE.

"Here pay! Look at mein shcen und ask me if I need some polishing on dem, alretty."

TAXPAYERS LEAGUE SPONSORED BY REAL ESTATE BOARD

W. W. Phillips and Judge M. K. Harris Give Cases of Extravagance on Part of the Supervisors—The Judge No Longer Thinks All Public Officials Are Honest—Unprofitable to Own Property in Fresno With the High Taxes—Extravagance of Supervisors Must Be Checked—Building Castles for Paupers.

The first steps toward the organization of a Taxpayers' League, designed to watch the expenditure of public money by the Board of Supervisors of Fresno county and to take legal steps to stop what is deemed to be the extravagant use of this money, was taken last night at the regular meeting of the Fresno Realty Board. The Realty Board decided by a unanimous vote to stand sponsor for the movement and a committee was appointed to draw up a constitution of the new organization.

W. W. Phillips and Judge M. K. Harris, who have been prominently identified with the movement, made addresses last night and the statement was made by both these gentlemen that the organization will find plenty to do when once started. Mr. Phillips presented some figures gathered from the tax rolls of the county showing how much it has cost the taxpayers of the county to run during the past year and declared that they have nothing to show for the expenditure of this sum of money.

President DeWitt Gray of the Realty board, called last night's meeting to order and introduced Mr. Phillips as the first speaker. Mr. Phillips outlined the new movement in brief and told of its purpose and the need for such an organization. "We are now paying a tax of 2 cents," said Mr. Phillips, "and this does not include the school taxes. Now we don't want to criticize the actions of our Board of Supervisors, but if this organization is formed, we can act in an advisory capacity to the board. Instances can be cited where the public money was expended recklessly. Take for example the building of the county hospital. It started out with a contract for \$40,000 and before the building was finished it cost the county \$130,000. This was taken out of one year's tax rate when it should have been taken out of money collected from a bond issue."

"Then again, look at our roads. They are in very poor condition. The work that has been done on them in the past few years is simply repair work. They have no foundations. It would be a good plan to have an election at a general election to vote on the proposition of a bond issue for roads. The money expended annually at the present time on repairs would more than pay the interest on such a bond issue. "The Board of Supervisors propose to build an almshouse. They tell us that it will cost \$20,000, but it will likely cost the county \$50,000 before they are through with it. There has been an increase of \$1,800,000 in the assessed valuation of the county property this year and still we have a higher tax rate. The Board of Supervisors have this money promised all ready for they seem to know where it is to be expended. If there is any attempt to expend this money lavishly maybe the Taxpayers' League can stop it by advising with the board against it. If not we can do as we have done in the past, take our case to the courts. We won the case against the supervisors when they proposed to expend an enormous sum of money to fix up the courthouse park and we can win again."

"There is an honest man who is active in the courthouse case, should have to bear the odium of such a movement and the labor. There is no reason why any individual citizen should have to bear this responsibility. If we organize a Taxpayers' League we can have funds for this purpose and we can pay our attorneys and take the case to the courts as a unit. There is one thing that we can be thankful for, and that is that the courts of this county are ever ready to listen to the taxpayers in questions of the expenditure of public money. The increase in the tax rate of this county should bring a cry of protest from every taxpayer in the county."

Mr. Phillips then read a statement of how much the county government has cost for the fiscal year just finished. His figures, he said, were collected at the auditor's office. His figures follow:

Taxes Collected for Year 1905.

Land and real estate \$429,924.50

Personal property and railroads 51,077.00

Fees from county officers 20,000.00

Fines 3,500.00

Licenses collected 18,000.00

From state for care of orphans 8,000.00

For pasturage at county farm 1,700.00

For care of hospital patients 1,200.00

For road and poll tax 8,700.00

Total \$433,103.50

Total amount collected, including state and county school tax \$539,160.45

Collected on personal property 36,994.65

Railroad taxes from state treasury 49,060.72

Total \$645,085.85

"What do we get for the expenditure of this money?" asked Mr. Phillips. "We have no roads to speak of. The roads of the county are not oiled, except just outside the city. There is not a single member of the Board of Supervisors who is a road expert. The supervisors have no knowledge of how to build a proper road."

"Is there no limit to this sort of thing? I have been waiting for the

time when prosperity in this county would make for a lower tax rate. I think that the fault has been reached now. Sonoma county has about the same amount of taxable property as Fresno county and has a lower tax rate. They have good roads, too. It's about time that the taxpayers of this county begin to wake up and take the thing into their own hands."

Judge Harris was next introduced and spoke on the same lines as Mr. Phillips. "My attention has been called in the last few years," he said, "to several instances of lavish expenditures of the public money by the Board of Supervisors. Several times large sums of money could have been saved had we had a proper organization. No man likes to shoulder this sort of movement and take the odium on himself. "I have known of some cases where the official, who control the public coffers, have become reckless and extravagant, and where organizations of this kind have had a very beneficial and wholesome effect. The very fact of its existence would have an influence for good on the community and upon those who have the right to spend the public money."

"If there has been nothing worse, there has been anything but business like methods used in the expenditure of the public money in this county. I remember the case of the county hospital. Mr. DeWitt was given the contract to erect the building for \$100,000 without bids being invited at all. The job grew to \$100,000. When he presented his claim, the Board of Supervisors held it up and he took his case to the Superior court, where he was turned down. Judge Austin held that the whole action of the Board of Supervisors was null and void and contrary to law. There was some sort of makeshift agreement between Mr. DeWitt and the Board of Supervisors and the contractor got his money."

"There are some townships of \$100,000 in this county who are drawing larger salaries than the governor of the state. This is the direct outcome of a lack of public spirit in the community. With the Taxpayers league in existence, cases of this kind would be looked into by the executive committee and stopped."

"You all know that high taxes injure prosperity. There was something over a million dollars collected last year and three-fourths of it went for the expenses of county government. This is an extravagant waste of public money. I LIKE TO THINK THAT ALL PUBLIC OFFICIALS ARE HONEST BUT I WAS NOT BORN YESTERDAY AND NEITHER WERE YOU. THE PEOPLE WHO COME TO FRESNO COUNTY DO NOT COME ON ACCOUNT OF ANY CLIMATIC ATTRACTION. THEY COME TO SEEK A HOME AND MAKE MONEY. THE FIRST THING THAT THEY INQUIRE ABOUT IS THE TAX RATE. AND WHEN THEY ARE INFORMED THAT IT IS \$2, THEY ARE NOT FAVORABLY IMPRESSED. I TELL YOU IT IS GETTING ALMOST UNPROFITABLE TO OWN PROPERTY IN THIS TOWN UNLESS IT IS PROPERTY THAT BRINGS IN A CONSIDERABLE INCOME."

Here Mr. Harris read the following letter from W. H. McKenzie, who is now in San Diego for his health. The letter says: "The taxpayers of Fresno must organize for protection or file petitions in insolvency. I will gladly pay a monthly sum for the purpose of keeping up a proper organization—one that will watch every act of the supervisors and stop them whenever in the judgment of the organization the board is going beyond the bounds of reason."

"The building of a poor house should be stopped for at least two years or until the tax rate is lower. We are building castles for our paupers while we are unable to pay off the mortgages on our own homes. The supervisors are not business men and they should be glad to cooperate with an organization such as is proposed."

Continuing, Mr. Harris said: "This is not all that I have heard about the proposition. I have had much stronger expressions than this from representative citizens. The league may not have anything to do after it is organized, but it is my opinion that there will be plenty to do."

On motion of DeWitt Gray, Mr. Phillips was appointed chairman of a committee of three to prepare a constitution for the Taxpayers' league. Mr. Phillips was empowered to appoint two other members of the Realty Board to act with him and appointed J. M. Collier and F. M. Chittenden. The constitution will be prepared and acted upon by the Realty Board at a meeting in the near future.

When it is finally adopted, a campaign will be made in all parts of the county for members and funds will be provided with which to carry on the work of the league.

LADIES HURT IN RUNAWAY ACCIDENT

Mrs. Estes Received Serious Injuries in Collision Last Evening.

A very serious accident occurred last evening at 5:30 o'clock at the corner of R and Merced streets, where Mrs. E. H. Chapin and Mrs. Estes, her mother, were driving to their home at 2727 Fresno street. The ladies were passing eastward on Merced street when the horse became anxious to get home and broke into a run. Although Mrs. Chapin, who was driving, was accustomed to handling the horse, she was unable to stop him. The animal was going at such a pace when he reached the corner at R street that both the ladies were thrown from the buggy onto the hard street. They were picked up by neighbors and taken home, where Mrs. Estes and Long were called. Mrs. Estes was found to be very seriously injured, having sustained a fracture of the left wrist, a bad contusion over the left eye and bruises about the head and body. Up till 10 o'clock last night her mother, who is 70 years of age, had not regained consciousness, which, the doctors say, indicates that she also suffered concussion of the brain, and it cannot be ascertained as yet whether she was injured internally or not. Mrs. Chapin was more fortunate, receiving a light bump on the back of her head. She says she has never had any trouble in driving the horse before and is very much shocked at the accident. After causing the trouble the horse ran around in front of the house and stopped.

Folsom Liquor Dealers Summoned. SACRAMENTO, Oct. 5.—District Attorney A. M. Seymour today filed complaints against nine saloon keepers of Folsom for selling liquor within two miles of the state prison reservation, against that town. There is a law against selling liquor within two miles of any state prison or reform school.

BUSINESS GRADUATES

Heald-Chestnutwood College Commencement.

Diplomas Awarded Last Night to Many Bright Boys and Girls.

The second annual commencement of Heald-Chestnutwood Business College last night at the Barton was the occasion for a large and representative gathering of the friends of the graduating class and others interested in the welfare of the college. The home was well filled and the exercises were most interesting, not being enough to the tire some, but long enough to show some of the talent of the college. The graduating class of forty members were seated on the stage, the young ladies charmingly attired in shiny costumes. All about the boxes and stage were draped the class colors, black and yellow, while a huge American flag formed a brilliant background for the array of pretty girls and gowns and the staid youths of the graduating class. The front of the stage was backed with flowers, tokens of congratulations from interested friends.

An overture by the orchestra opened the exercises followed by the invocation by Rev. Duncan Wallace. Miss Ellen Mosely and Miss Bertha Van Fleet gave a pleasing piano duet, a selection from "The Traveller," which received the most cordial applause. After a second selection by the orchestra Miss Winifred Swift sang most delightfully "A Rose in Heaven" (H. K. Trotter). Miss Knowles accompanying. Next followed the address of the evening by Judge George E. Church, who in a dignified and impressive manner gave to the class words of inspiration and encouragement. He complimented them upon their achievements and represented the goal for which they were striving as something greatly to be desired and worthy of the best efforts they could put forth. Success in business life he set forth as not accident, but the result of earnest work, bringing out the best of one's self.

The next number on the program was a vocal solo by Signor Warrall, whose wonderful basso cantate was heard to great advantage in "Die Poessente" from Faust. After rounds of enthusiastic applause he generously gave an encore "Toreador's Love Song," a stirring number. J. H. Janson with a few appropriate words presented the graduating class with their diplomas.

The class song, a collection of verses pertaining to college days set to the tunes of a number of popular songs, concluded the exercises at the opera house, but the festivities were continued in Old Fellows' hall above the college, where a reception and dance kept the ball rolling merrily until midnight. Decorations of the class colors were again in evidence and during the evening refreshments were served.

Diplomas were awarded from the normal department, bookkeeping and stenography and were received by the

following graduates:

Miss Marion Tolson, Miss Mortimer Lammkin, Miss Amelia Jelling, Miss Elma Folger, Miss H. Cullis Scott, Miss Jessie Frederick, Miss Alice Robinson, Miss Bertha Van Fleet, Miss Emma Watkins, Miss Myrtle Moore, Miss Alfrida Carillon, Miss Adelaide Keimhorst, Miss Grace Hagemann, Miss Irma McCourt, Miss Minnie White, Miss Grace Reams, Miss Ada Lowe, Miss Grace Goodrich, Miss Minnie Rowley, Miss Maudie E. Barrett, Miss Julia M. Cole, Mr. J. R. Ledbetter, Mr. Geo. E. Griffith, Mr. W. M. Goodrich, Mr. Maries Anderson, Mr. Lloyd Nelson, Mr. Michael Brazil, Mr. Roy S. Fine, Mr. H. G. Hill, Mr. E. L. Springer, Mr. F. W. Huth, Miss Mary Watkins, Miss Margaret Quinlan, Miss Beadie M. Preston, Miss Ada E. Osborn, Miss Gladys Cole, Miss Marie Miller, Miss Ovelia Richardson, Miss Alice Tull, Miss Gertrude Winchell, Miss Genevieve Walker, Miss Ola Harrold, Miss Florence Hobben.

LUMBER SCHOONER IS LOST OFF CONCEPCION

Two-Masted Shasta With Crew of Fifteen, Will Prove a Total Loss.

CONCEPCION, Oct. 5.—The lumber schooner Shasta, a two-masted, Captain Hanson, went on the rocks at 5 a. m. today, one and one-half miles south of Point Concepcion light house station, in a dense fog. A huge hole was stove in amidships and the vessel will probably prove a total loss. All of the crew of fifteen men were taken ashore.

The schooner went on the rocks very near to shore. Distress signals fired shortly after she struck attracted the attention of the light house men, who went immediately to the rescue. The steamer Donkey, passing southbound, stopped and aided in the attempt to save the boat. A cable was attached to her and the Shasta endeavored to pull her off, but the attempt failed, the cable parting twice. The crew went aboard the Donkey, with the exception of two men, who remained on the Shasta.

The two men King, at Port Harford, has been sent for but has not yet arrived.

The Shasta is of 772 gross tonnage and 475 net. Her length is 120 feet and 4 1/2 ft 13 1/2 feet. She is owned by the L. K. Wood Lumber company of San Francisco and Los Angeles.

Parade Wanted in Ohio. SACRAMENTO, Oct. 5.—Governor Pardee received an invitation this morning from Senator Charles Dick of Ohio requesting him to stump the state for the Republican party in the coming campaign. The governor sent his regrets to Senator Dick, stating that it was impossible for him to accept.

Grass Fire Near Bakersfield. BAKERSFIELD, Oct. 5.—The big grass fire which has been burning here for five days is still uncontrolled and is sweeping over the mountains in the vicinity of Hanford. Railroad property is being threatened and to add to the seriousness of the situation, a high wind is blowing that threatens to carry the flames into the country around Tehachapi.

A Saturday of Surprising Sales ===== Sterling Specials in All Sections

Silk Rubber Auto Coats

They are all the go, and they are as useful and serviceable as they are popular.

They are long coats in cloth and silk that have been made water proof; silk satin with rubber lining, full three-quarter length and in plain colorings of red, green, gray or navy.

They may be worn on fair days or in foul weather. They are dust proof and rain proof.

If you are automobiling they will protect your costume from rain or dust and you may step from the machine as immaculate in looks as when you left the house.

If you are traveling you will find them still more useful. They are to be found in all the fine stores of the East, and we show them here in ample variety. Lowly priced at \$25.

Long Kid Gloves \$3.50

We have just received a complete stock of the fine kid gloves to go with the short sleeve fall waist. We have them in real imported kid, French tanned and Italian dyed. A glove that comes in the 16 button length; every pair guaranteed: the finest of kid; the very best of sewing. All the fashionable shades. We are selling them 50c under the price asked anywhere else in the state.

50c Linen 39c.

Pure white damask, nearly 60 inches wide; very pretty floral designs. A quality that will give good service and is inexpensive.

Towels, Doz., 90c.

Good towels. Red striped borders, fast color, good heavy huck; a splendid face towel at a low price.

65c Sheets 59c.

Seamless bed sheets, 63x90 inches in size, for three-quarter beds; a fine quality of muslin, hand torn and ironed, linen finish.

Outing Flannel 8c.

A quality that always sells at 12-15c. An introductory price. Pretty striped or checked patterns. The right weight for night gowns, children's dresses or pajamas.

20c Stockings, 12c.
